Thread: [Hacking community - Sql injection Post](#)

Lenrek - August 29, 2014, 7:37 am

Hello

I therefore provides vulnerabilities in communities of hacking.

Internal SQL error doesn't necessarily mean an SQLi.

~Arcane ?

Took the words right out of my mouth. ?

Th3PonyWizard - August 30, 2014, 7:29 am

No, you aren't. If every DBMS issued error was an SQL Injection we'd be in deep shit by now
