Grammar 10/10

I did not notice any grammar mistakes, it was a pleasure to read.

Content: 10/10

The ebook contains 2 similar methods that WILL earn you money. There are step by step instructions with pictures included to make sure you do not get lost on any of the steps.

Originality: 5/10

This is my personal opinion, I knew both methods and have used them many of times before. I have never used them full time though, this eBook explains to you how to earn money using the methods and if you use it full time you will continue to make more and more profit each time.

Layout: 10/10

10/10! - It is all aligned down the centre and that's how I like it. Pictured, titles and different colors etc.. makes it a very nice layout.

Overall: 8/10

It is very easy work, sometimes it could be time consuming but its fairly quick. There IS a small investment needed to start this method. The more you can invest the greater and faster your profit will be. I do suggest starting with a small deposit so you get to understand how everything works. Once you understand, I suggest investing as much as you possibly can, you will ALWAYS make a profit and if you are careful and follow the instructions you will be making huge amounts of money. Amount you can earn depends on how much you invest and how much time you can spend on either (or both) of the methods.

I know this method will earn, I have used them both previously. (Aug 31, 2014 06:59 AM)Staid Wrote: [\[CITE\]](#) Vouch for JustBusiness , have done multiple exchanges with him. Good luck with your sales. (Aug 30, 2014 08:16 PM)?rrow Wrote: [\[CITE\]](#) Vouch for JustBusiness
