Thread: [\[FREE\] Admin Panel Finder \[Lite\]](#)

zSerity - August 30, 2014, 6:41 pm

Giving away a very lite and simple admin panel finder, simply put in your URL and the program will go to work. Also, not going to be giving this away to people with 1 post who only made their account to get this, lol.

Due to popular demand I decided to make this a direct link, no ad bullshit.

Enjoy.

Actually that's referring to telling somebody to post before you PM them.

This is still up for grabs, just message me or post here and I'll send it to you right away. :)
