Thread: [6K FB Followers to the first 10 L33Ts/UB3Rs!](#)

Astute - August 31, 2014, 12:16 pm

Hey guys,

I'm giving away 6 thousand facebook followers to the first 10 L33Ts/UB3Rs who comment on this thread!

Requirements:

You must have a distinct name (add an alternative name if needed), so your profile shows up first on the drop-down list.

Example: <http://prntscr.com/4iclui> , <http://prntscr.com/4ie2gk>

Two, your followers visibility option must be on public.

Three, these followers are from Lists, so if you entered my last Followers giveaway, you aren't eligible (sowwy :c)

However, if you entered the last giveaway and still haven't received your followers, follow the two above steps, and I will send them again ;)

Please make sure to check your settings, and tweak your name (Preferably write HF as alternative name) so I can send followers to the right people.

Thanks, and good luck! ?

Sounds like a nice giveaway.

Here's my profile. (I haven't been on since October)

My name is pretty distinct, only one in the world(;

but I'll make a nickname called "Neeks"
