Thread: [Scammed for \\$600 by BUBZ :\) UID=2007775](#)

To make a long story short (since this idiot isn't worth a detailed scam report), basically I sold him Twitter.com/nice person for \$600 PP. He was warned not to swap it for a while and immediately after receiving the info, he did just that and lost it to the user MikeTheFag.

Anyways, I figured I may as well try and get him off this site so he can't harm anymore of its users and since he's been on an off-site scamming spree from what I've heard.

Pic 1 where the deal went down. It says "nice person" because of HF's word filter.

Pic 3 is of the charge back.

Bro? - September 2, 2014, 5:11 pm

damn man, big scam here.

He has recently been on a big scam/chargeback spree.

As he bought all his rep with a big giveaway then he has now made back.

Hope you get this resolved.

Ninetales. - September 2, 2014, 5:13 pm

Bubz was never trustworthy to begin with. He had a 1K scam report on him at one point.

Meow - September 2, 2014, 5:39 pm

And that is why you NEED to have scammer database script installed.

User has opened 2 scam reports (+ this one,so that makes 3)

Silent ? - September 2, 2014, 6:33 pm

What a bitch.

DotPSD - September 2, 2014, 7:50 pm

Dang, he had 2 scam reports open :l.

Oh well, you got scammed. He's was looking at this thread a few minutes ago.

Hope this gets resolved, that's a lot of money.

This is off topic, but why are you using explorer?

Cameron - September 2, 2014, 7:59 pm

I think everyone saw this coming, who pays go get a giveaway stickied.
Legit scam report.

Because I guarantee if I didn't, I'd have people saying "take screenshots with IE so we can see they're not modded" lol. Never fails. Scam report is still valid and will remain open.

iampoor - September 5, 2014, 5:30 pm

Sucks man, always happens to the good guys, was his own fault. Why do dudes try swap instantly, so dumb :// Sorry for the loss man!

Prestigio - September 5, 2014, 5:31 pm

Burt Reynolds - September 7, 2014, 1:57 am

This still isn't resolved. Not letting it get lost in the shuffle.

Autocorrect - September 7, 2014, 1:59 am

Holy shit, I thought that he was a nice user. Sorry to see you were actually scammed by this guy, I hope that karma tracks him down before someone here does.

We will make sure that your dispute is not buried.

EvilMinD - September 7, 2014, 2:09 am

I can confirm the paypal belongs to him as I have received payment from him before.
Damn Burt, this sucks dick, hope you get it man, I doubt it though.

funtela - September 7, 2014, 6:59 am

Wow bro I can't believe this. It's always the most nicest & trustful people on here that get scammed. I'm sure there's something you can say to PayPal so you can win that dispute.

Honestly, rep means shit to me. Anyone can have 400+ rep & decide to be a dick at one moment.

I hope you get your money. Hit me up on Skype if you need anything bro.

He intimidated and blackmailed me then -3'd me for giving him a neutral saying he was a scammer and linking this post.

in the -3 he wrote i was a scammer without even posting any evidence or links.

LQ Member.

Edit: he removed it

Tor - September 14, 2014, 2:33 am

2 scam reports opened.

Hope yo get everything back

?lex - September 14, 2014, 2:43 am

This is why these \$0.10 giveaways should be banned from HF. Users gain reputation with that, and use it against us.

Good luck on solving this.

Counterfeiter - September 14, 2014, 11:51 am

you can say that it was a bitcoin exchange thats what i did and won the dispute.

but dont overdo it

I did it 2 times and the second time my account was closed but it didnt turn into negative balance.

AresGraphics - September 14, 2014, 7:16 pm

I can win you a paypal dispute... for a small fee.

Confusing - September 15, 2014, 1:58 pm

further proof that rep doesn't mean jack shit. HF is run by ub3rs who claim to be trustworthy and take advantage of other users. hate seeing people get scammed for such large amounts. Anyways back on topic sorry to hear about your loss OP, hopefully you somehow get your money back.

I won the dispute but it wasn't done willingly or easily. Also, ing this back up since the scammer made no attempts to be legit. And I hope you had success with yours as well, Michael.

Confusing - November 13, 2014, 8:35 pm

Good to hear that you got your money back. Fucking kids like this are the reason why I never deal in such large amounts on HF.

Thanks man. It took me over 2 months and a shitload of calls to PP, but I finally got my money. And yeah I can't believe they haven't banned him yet. Pathetic.
