Tired of all them assholes that piss you off or the feminist neighbor across the street that complain's about teenage women's abortion laws ALL FUCKING DAY? Then please politely post your daily life issues here & help keep HF clean from the spamming of threads everytime your shit splashed water up into your bunghole.

We should protest against the pencil elite. They have gone too far with these short ass erasers.

After last night, your butthole is anything but innocent.

Don't think your butthole is innocent. You know perfectly well where it has been and what it did.

I hate it when people walk slowly in front of me ESPECIALLY when I'm in a hurry.

Also, I hate when people say that they'll be there for x event but then they bail at the last minute.

I also dislike people who type in all caps for no reason.

Lastly, the word "bae" gets on my nerves.

romanw - September 3, 2014, 3:31 pm

Tried to have anal with some bitch but she had a bunch of shit in her ass ?

xyrulo - September 3, 2014, 3:34 pm

I hate it so damn much when people say acrost instead of across.

de morte hominis - September 3, 2014, 5:39 pm

When you talk about morse code to a fucking retard who "thinks" he know's it & know's just about anything.

HOLY FUCK.
