That's quite the thread you have here.

However, seeing as Taiga is the only one of Waifu's on the list. My vote irrevocably goes to her.

isn't she worthy? Come on.

?Tet? - September 4, 2014, 5:38 pm

Okay before we go filling this thread up with "why wasn't she vote for [insert random picture/link to girl you think is great but probably isn't]" this thread is a vote for the girls who were nominated in the other thread started by [Jay](#) who has given Mew permission to make the vote because he is currently on vacation from HF as stated in the OP.

Anyway I love the idea of the group voting to cut down the amount of girls good thinking iMew.

Okay one problem I can see here is how long it takes to fill out these groupings (as you can see I changed to just doing numbers) so some people may not vote but I'd like to see a final winner.

These were really good group combos, even if randomly generated. Some of these were tough choices, and really got me thinking.. o.O

Rly tho, I'd "collect them all".... lol.

Looking over the submissions, I thought of a few names I could have added to the list. Oh well. Maybe we should do this on a yearly basis, like "Best Girl of the Year" sort of thing. idk.

Oh jeez I'm honestly too lazy to do this. I'm sorry.

If you could arrange some kind of poll that'd be better.

This was done in the worst way possible.

Kina - September 5, 2014, 6:12 am

Now that I look at it, why didnt you use challonge and just do a 1on1 vote, it would seem a little longer but in fact would be easier to manage, easier to vote, more organized, and make more sense.

Since a lot of people don't even want to vote for any girls other than the 3 or so they like personally, we'd have about 20 matchups between the less popular girls with 1-2 votes each, which kind of defeats the purpose in my opinion. If participation stays low I'll just reduce the number of girls advancing per group to 2 (or even 1) and then do the 1vs1s from there, since the girls participating in those will probably be more popular with the community than the vast amount we have currently. Challonge would still require the votes to be made somewhere else, by the way.

On a side note, I honestly don't see what's wrong with the current way of voting. The difference between ticking in a poll and making a quick post saying "i vote for asuna cuz she da best" seems minimal to me. You don't even have to follow the format, it just makes it easier for me. Saying you only like one of the girls the way Fireworks did is fine too and I doubt it took too much effort.

That's not how feedback works. If you have any suggestions, feel free to post them. Just saying that you don't like it doesn't really help anyone.
