Prince Gumball - September 5, 2014, 12:07 pm

WILL UPDATE THIS SOONER TO MAKE IT NICER AND MORE OF A CLEANER REVIEW

[CLICK HERE TO VIEW](#)

This is a Yaoi I have been watching for 3 days now, and I am already on episode 10 It isn't out but it will be at 2:00 PM 9/7/14 <3

Anyways it is amazing, I love the story and after you guys watch it you will know what I mean.

However what I don't like about it is that unlike the game, it doesn't go down each path.

There are different main characters that the Star*Main character* Aoba can date however, it doesn't go down a path.

In the game, I do believe you choose one of the following which is also in the anime

Clear, Noiz, Koujaku, Mink, and I THINK Virus. Idk. Anyways it is really fun to watch so if you guys want to watch it be my guest!

Aoba [\(Click to View\)](#)

neightworks - September 5, 2014, 3:11 pm

What it's Yaoi? I dropped it first episode, it seemed really really bad.

Prince Gumball - September 5, 2014, 3:59 pm

Nater I agree the first episode was terrible. Thats why it took me 3 days to watch the whole series. I watched episode 1 and was like, nope.

So the next day I was like.. it can't be that bad so wth I will try and finish it.
After episode 2, then 3, then 4, I got really addicted XD So I am now sitting and waiting till the 7th at 2pm for the new episode to be released! :D

Fireworks - September 5, 2014, 6:15 pm

I could of sworn I've seen this Visual Novel somewhere.

Prince Gumball - September 5, 2014, 6:26 pm

dude the visual novel is epic ._ . #sex

Programmargorp - September 5, 2014, 6:34 pm

I regret watching this (already watched before this thread).
Story sucks and makes zero sense.
Characters serve no purpose than to flaunt fujoshi shipping.
Voice acting is horribad.
OST blending is horrible and there's a distinct lack of tracks.
The only thing I'll give it is that the art is decent.

Fireworks - September 5, 2014, 6:55 pm

This is all true, but you need to read the visual novel to understand the anime.

Diji - September 7, 2014, 1:17 am

After one episode this anime just felt really gay so I stopped watching.

Kouichi - September 7, 2014, 5:53 am

The reason it felt gay is because it's a Yaoi. ???

Prince Gumball - September 7, 2014, 9:29 pm

Dude obviously does not know what Yaoi is so :P :facepalm:

eight - September 7, 2014, 9:55 pm

Please tell me your avatar isn't from a yaoi either or some trap.

Soulmate - September 7, 2014, 10:23 pm

One of my friends has been watching the anime and playing the VN but it honestly seems really bad. She just talks about the bl and how the characters have terrible fashion so it's definitely on my do not watch list, but I can see how some people would like it

Daniel Faraday - September 8, 2014, 3:56 am

Everyone that hasn't seen Shinsekai Yori should go see it. His avatar is from the most criticized episode of the anime.

Spoiler ([Click to View](#)) Humanity's genome was changed, scientists added DNA from the bonobo, a species of primates that display bisexual tendencies. There are homosexual scenes involving both genders, and it's only every shown in one episode. The show goes from their childhood to adulthood, so it basically boils down to the scope of their engineering and the changed values of their new society.

Oh, I'm actually watching it. Been watching it for a while, I left off at ep 4, probably should go back to it and finish it.

It gets better than the start. When I first started it I wasn't paying attention and had no idea what was going on for the first 3 episodes and dropped it. When it was on episode 8-9 I went back and started from the beginning and it turned out to be one of the best anime I've seen.
