Not sure if we're allowed to post reddit stuff, I don't think it's competition but well, why not try?

Anyways Reddit Best Girl Poll has been going for a while, you may vote here:

Friendly reminder that Yuno Gasai deserves the throne, vote for her!

iMew has his own best girl competition currently going on in AA.

Seeing Tsugumi Seishirou get so many votes makes me happy.

Thanks for the share but I don't really care what reddit thinks am I the only one that thinks that? Lol I only really cared because it was in the AA section of HF.

As Angel said, we already have a competition for best girl [here](#).

Yea I know there's a competition here in HF too, I know there's some members from here who go on reddit from time to time and wanted to aware them on the contest.

Besides Yuno needs some help!
