Buzzify.net is a general discussion forum for users that want to socialize with others online in more than one subject.

We'll be hosting weekly contests, giving away exclusive content, and give our community the best experience possible. We are small now, but the forum is powered by you. Without your registration and activity into the community there will no longer be us.

I'd like to welcome you to our site. With a fresh, clean board you can begin with a clean slate. Please tell us how you like our setup so far and leave it in the comments below.

That Chatpl website is using a ripped theme anyway. Cheap.

**idkwhatimdoing** - September 9, 2014, 5:10 am

I lol'd. How blatantly obvious can you make it? It's disgusting to see ripped work.

Sites with ripped themes always die, your forum will more than likely have closed within the next three months.

That would be relevant if the theme belonged to chatpl.us, but it does not.

I believe the domain was registered in 2009.

But then maybe it expired and it was purchased again?

Why is everyone using Discussion Zone's theme?
