Thread: [Anyone else think Boku wa Tomodachi ga Sukunai is underrated?](#)

Great anime, through the whole thing I laughed, the characters are really unique too, besides the tsundere elements and what not. Good anime lol never hear it getting any sort of acclaim

I enjoyed it I had some good laughs I'm really hoping to see the a third season come out especially after how they ended the second season.

I think Yozora was an awesome character but I found Maria to be funny just so blatantly oblivious throughout the series lol.

Really loved the little sister, the little noises she made haha.

and yeah maria was obnoxious but i think they executed her perfectly. right amount of annoying

Hagani is extremely underrated. It's one of my top 10 shows that I wish they would make a season 2 of.

LOL. I'm drunk. Huehue, Hagani NEXT was the second season. I meant to say third, thanks for reminding me .

NexPB - September 10, 2014, 6:23 am

It was just an average romcom for me, nothing more tho

Lyrlei - September 10, 2014, 6:28 am

It's not underrated- your just outdated op ;3

it was very popular when it was released and memes were everywhere hehe.

It's the same for other old animes.

Ang?I - September 10, 2014, 7:11 am

I would love to see a third season but the manga has barely any new content so there's really nothing to go on right now.

Haganai is my favourite ecchi/harem, reading the LNs as soon as they get translated :p

May yaoi hole live forever. Waits for season 3

The characters are far from unique, I actually think they're pretty generic. It's a nice Anime but nothing special.

Pretty much this.

I enjoyed the anime when I watched it but there's way better anime out there than this.

Trust me I know lol, dont think the show was ever meant to be taken seriously.. just saying its one of the much better/feelgood comedies out there

I never once took this anime seriously since it is a romantic-comedy harem anime and I don't know why anyone would want to do that. I'm just saying it's a nice watch but it was nothing to write home about in my opinion. The show overall was like a 8 out of 10 from me personally so that's still a good score for it.

Yukimura will win. Definitely a good amount of merchandise floating around Japan for it a year ago, and still a good bit floating around now.

I heard she might win too :/ If only there was a way Kate could win haha :)

Vip?r - September 10, 2014, 9:45 pm

It was pretty nice but the mc got a little annoying.

yozen best girl 2kforever, my waifu for life. Not underrated, most people actually like it lol. One of my favorites, but agree it's generic. Nothing really makes it unique except kobato's kuh-kuh-kuh laugh.
