Thread: [What Akame Ga Kill Imperial Arm would you want?](#)

?Tet? - September 10, 2014, 1:02 am

So as the title states what Imperial Arm would you want from [Akame Gal Kill!](#)

Would you like to have?

Please leave a response feel free to leave an image of the Imperial Arm, and or even a brief statement of what it does perhaps it's user maybe?

I expect this thread will have spoilers for some people especially if you choose Imperial Arm's that have only shown up in the manga so far so please remember to use spoiler code.

I'm going with Spoiler [\(Click to View\)](#) The Imperial Arm Thousand Mile Flight: Mastema.

It seems to have the ability to give the user flight you can shoot feathers, and you look like an angel so that pretty badass.

NotYourNormalApproach - September 10, 2014, 2:19 am

I want Esdese/Esdeath's awesome Imperial Arm.

zyvox - September 10, 2014, 3:51 am

Idk yet, need to watch more.

But Akame anime spoiler, ep2-3-4 or so [\(Click to View\)](#) the eye Tatsumi tried on didnt look too bad ;)

klaasvaak - September 10, 2014, 3:55 am

i think i also want to have the esdese

TooOverPowered - September 10, 2014, 5:20 am

Incursio dosen't seem too bad. OP enough for me XD.

neightworks - September 10, 2014, 5:27 am

I'd say the dude in OP, or any other ones that allowed you to fly.

Theres so many choices, and we've only seen a small portion of them so far. The one who could control liquids was really cool though, and the Recorder was another cool one, probably what I'd choose out of the ones we've seen.

Definitely ugly as fuck, but the power it haves is nice.

I'd probably pick another Imperial Arm though, but I don't know which one yet. I honestly think Akame's is badass. From what we've seen so far Esdeath has a pretty cool one aswell.

Deany - September 10, 2014, 8:04 am

Spoiler ([Click to View](#)) Mastema reminds me of that one episode in yugioh GX where Honest meets Jaden then uses that same needle feather attack. Looks bawlin and OP as fuck.

SwindlerBob - September 10, 2014, 12:12 pm

Im going to follow the OP on this one. Or maybe March of the Dead

CyberStudio - September 10, 2014, 12:13 pm

I'd use Esdeath's imperial arm, I could kill anyone with that shit.

Spoiler ([Click to View](#)) The guy that was with Yusuke Fujiwara?

I've only watched the first 4 episodes of the anime so I don't know that many Imperial Arm, but the one in the OP would be pretty cool to have.

Tsukaima - September 10, 2014, 2:49 pm

Spoiler ([Click to View](#)) Having read up to date in the manga I would either go with Esdese's (OP as fuckkk) or Shura's because the teleportation would be so useful and badass

Well Met! - September 10, 2014, 3:30 pm

Akame's is seriously a one hit one kill weapon. Would definitely use it.

Spoiler ([Click to View](#)) Her target has to have a heart and be alive for her to kill it so there could possibly be a dead or undead rather opponent in the future that she cannot kill. O.o

Chips Ahoy McCoy - September 10, 2014, 4:36 pm

I'd want Leones. Could I also get her with it?

But Aniki's can go invisible, the upgrade can't.

neightworks - September 26, 2014, 11:19 pm

You niggas would all accidentally cut yourself with Akame's, nope nope.

Diji - September 27, 2014, 3:02 pm

The eye. And not just because of its "Secret unknown ability".

Or the string one.

Protoshadow - September 27, 2014, 4:50 pm

I'm really not sure still, for now I only like Akame's katana.

?ICE? - September 28, 2014, 4:17 am
