Trying to grief an HF Member's server. Someone got admin, while he was moderator at the time, and got very butthurt. Then grieved. Don't worry, we have backups ???

It kinda does, if your a well-known. But not entirely

enthralled - September 14, 2014, 12:57 am

there's an unwritten rule in here somewhere that you can't grief an HF member's server. At least that's what I know.

If someone is griefing, they're kind of already an asshole.

Eh, then it makes you more of an asshole, and it breaks the un-spoken HF griefing code.

So, this server doesn't have any protection?

No glove, No love.

ThatsGreat123 - April 7, 2018, 11:17 pm

thank you for the server ip!

Hot Potato - April 8, 2018, 3:01 am

Why the fuck did you bump this? Its almost 4 fucking years old.

AllHax0Skills - April 8, 2018, 4:49 am

Lmao I love bumping old posts thank random guy for doing it
