Hmm another forum remember you want to be unique so anime fans keep coming back to yours . No but really you site is nice nice url and theme is decent, what does ml stand for?

Good luck with everything! Will consider to make an account for dat upgrade :)

It's a free TLD or however it is, TDR idk.

Had a look on GoDaddy & AnimeForums.net is at 970€ so yeah.

Also the host is free, I'm not looking to get money out of the forum, and that's what makes me unique.

Ah I see that is quite interesting never knew that.

Thanks for the info!
