Thread: [CHEAP FOOD AND DRINKS SUPPLIER!](#)

Kyosa - September 14, 2014, 6:53 am

Hey guys i've recently found this supplier for shops called <http://store.makro.co.uk> and they sell food and drinks and snacks REALLY cheap i've just purchased a 12 pack of pringles for £5 and a rowntrees random pack of 36 for £13. Total £18.

I'm planning to sell these in school, pringles for 70p meaning i make a total of £8 which is £3 profit. The Rowntrees randoms for 50p each making it £5 profit. That's a total of £8 profit. If you did this in bulk and sold everyday you would be making ALOT. People at my school at breaktime are hungry af and have cash on them and not on their cards to buy food at the cafeteria. They usually come to me and I get around 25 customers per day.

Hope this has been some help to you.

I used to sell monster that I bought in a 24 pack and used to make \$1.75 or more per can. Ended up making over \$1000 in a few months just from that

Yeah selling items in school is really profitable. It's a shame it's my last year of selling ?
