Your accent brings a bit of uniqueness to the videos from all the other Griefing videos that are on YT, so its not gay :D

And your wang got wierd discharge because you were scratching your penis with dirty hands; infecting it.

Its called AlphaLogic but we just call it alfie for short and we are considering renaming it to alfie!

The team on the other hand is staying as Team Alphalogic

It isn't that bad, we just call it alfie because its far shorter, thats why we are considering changing it!

You know, I could use the meme I used a few days ago, but instead I'll find one more fitting.
