wow, seems they have def upped their hype on the way they are doing things this yr, i liked it

twalig - September 17, 2014, 2:27 pm

Wow, this is sick. I really love it. They did a good job.

Plernatious - September 17, 2014, 2:27 pm

The hype is real as fuckkkkkk... if you aren't me. I'm not into LCS, but I can see why some people are excited for this.

Yeah I like the song. I'm surprised this happened though, wasn't expecting it! Imagine dragons are one of my favourite bands too.

Song is a bit repetitive but a good song all the same. I liked the animations too.

Yeah, the animations are really cool. A lot of little hidden things in there. :P
