Says "(No Copyrighted Music)" in title yet contains copyrighted music... "I Still Can't Stop by Flux Pavilion" is owned by Warner Music UK.

sir, bypassing the char limit is against the rules. i'm gonna have to report you for low quality posting.

It is your problem i'ts in your video, atleast put credits in the description or something and get rid of the "(No Copyrighted Music)" portion in the title. I'm pretty sure you can get in trouble for that and if not it's kinda fucked up, Other than that good grief.

Is his video monetized ? I don't think it is.

If it's not, what music he uses dosnt matter much.

The title says that there is no copyrighted music yet there is. I think he should change it because its not true. I don't feel like arguing about something so stupid.

Profatssor - September 20, 2014, 4:07 am

I'll be waiting for the next part.

Aaaand, I couldn't give 2 shits about the music.
