What's with the 90's animation? I like the intro, but the rest was lame.

90's animation? What do you expect? Some colourful animation or something?
It's Antarctica and a Penguin, You'd expect mainly black and white.

And that's your opinion, others might like it.

It's funny, but I think you should make it a little bit faster.
Nice work!

Nice work!
Thanks, I'll take that into consideration but some slow parts build up the funny factor.

Umm I do not get this. Why is he so huge after he jumped?

Nice but I agree with MD5 it should be a quite bit faster
