Thread: [Xbox 360 | CoD & GTA V - Recovery](#)

UnsignedMods - September 22, 2014, 1:42 pm

Welcome to my shop

Since my prices are already quite low, I'll do premium members a \$1 discount on cods, and \$3 on GTA V ?

If you are looking to purchase, then just PM me, or do what it says on the picture. It's that simple. Yes I'll need your Xbox 360 account's email and password, but I'm trusted enough.

Don't feel safe? Why not check out some of my Youtube videos, I have uploaded some proof of what I do etc..

TODAYS OFFER!

Purchase me L33T and get MW3, BO1, BO2 + GTA V :)

Have a good day!

(Made this thread here just in case I posted in the wrong one, i'll let HF sort it out xD)

Rep doesn't mean anything ;) I just started using this website again. I plan to build it up as I go.

Why does it cost a lot and need our email and pass?

I can do this and it cost me nothing and I don't need anyone's account lol
