I'll check it out :)

did you make it or something?

Aura 2.0 - September 22, 2014, 2:46 pm

Your site never says how much you get per click. And a payout of \$25 is way too high imo.

EDIT: Also there are no ads on the link, and nobody is gunna do a captcha.

EDIT2: And it says I have 2 click but the payment is still at \$0.00

There are Ad's on the link :) and the Captcha is just a security thing for us

2 clicks is just to low to display a amount :) we are currently calculating our CPM so theres no fixed rates right now :)

payout lowed to 10\$:) hope you guys think thats ok for you

Aura 2.0 - September 22, 2014, 3:01 pm

Also what are the payout methods? If you have btc i'll use this.

And it seems like ~8 clicks is 1 cent.

Don't think the referral is working because when the go to your ref link and then they click register the ref doesn't go with them and it doesn't show up when someone signs up.

how well do URLs stack on this? Like using multiple L0ck.me urls to expand profits. Or is this frowned upon?

Zeroless - January 4, 2015, 6:03 am

It's not possible to short a l0ck.me link with a l0ck.me link, be dont want to create infinite loops but you can use other shortner's with our's that alright

Is it as simple as spreading a link? Because, spreading a link can be very difficult, especially to the noobs you're targeting here.

Just got a few questions before i start using your site l0ck.me..

- The payout is everyday ? also is only paypal? (because let say for me is not possible paypal)
- To make money you need to create an pool and to invite peoples to vote on that pool?
- How much clicks do i need to make around 10\$ daily?

Thanks if you can answer me on PM'..

You can earn as much as you want :) we do not seperate countrys so you get straight 2\$ which is way more than other offer :)

zyzzalive - February 22, 2015, 1:50 pm

Does a click really does count as a click, or does one has to solve the captcha before it counts?

Just clicked on my own link, had to watch an advertisement before going on, i can assume that most people think: "fuck off then" and click it away.

Zeroless - February 22, 2015, 8:42 pm

The Captcha need's to be solved, it's always diffrent we need to do this because of the amount of botted traffic

Zeroless - March 5, 2015, 10:51 pm

Still running smooth as everyday start earning with l0ck.me :3

Hey I've requested my payout... Waited whole month... but still it's pending... Please reply me.

complex0ne - October 9, 2015, 1:02 pm

do they pay? how do they pay mate?????

Amaan4194 - October 10, 2015, 7:13 am

They pay via Paypal... Getting 2\$/1000 is great.... but their haven't updated since last 4 months..

I still didnt receive my payout of August 2015... So I leave.

And now I join ouo.io which is giving 1.5\$/1000 with no captcha and even 1.5\$ is universal.

Suggesting you ouo.io is best after l0ck.me... Better than #. ;)

Migomon - October 10, 2015, 8:36 am

Il definitely be checking this out but what is the minimum payout?

Amaan4194 - October 12, 2015, 8:02 am
