Great grammar. Everyone will understand this.

Ease of use: 10/10.

Very easy ebook, but it requires a investment. If you invest into this, I'm sure you will earn profits.

Originality: 10/10.

Very unique ebook. I have never seen it before and it's good it has pictures in the ebook.

Overall: 10/10.

Fantastic and easy ebook with great chances to make profits. I recommend this to everyone.

Review

Grammar 10/10

There was no grammar mistakes, it was a pleasure to read.

Content: 10/10

This is a nice short eBook but it gets all the information across, there is no need for the eBook to be 20 pages long!

Originality: 10/10

Never seen a method like this before. I guess it a method that uses a skill that anybody could do. Just nobody thinks to do it. Such a simple method but because it uses some real manual skills that nobody would ever think of it when considering online monetizing. This method has opened up a whole new way of thinking for me.

Layout: 10/10

Another 10/10! - Its wrote in nice clear text, nice sized screen shots, everything just runs smoothly down the centre of the pages. Each step is separated by a nice step title, it was honestly a pleasure to read it.

Overall: 10/10

This method will earn you lots of money. \$1000+ if you put in some effort. Its not hard work at all, following the steps in the eBook make it such a simple set up. As soon as you're done reading this ebook or even during reading it, you will be thinking how easy is it and how huge the earning possibilities are with this method.

Personal message

I strongly advise people to buy this method. In my opinion this eBook is under priced, you will earn back 10 x's what you paid for the method in your first payment. You do how ever need money to invest in this method, there is a free way I can think of to get you started but you would have to be lucky (or unlucky lol) to be in that position, Only people who read the eBook will understand the lucky/unlucky part lol. You'll notice it had a perfect score and that is simply because the method is 100% whitehat, very simple, will 100% earn profit every time and he hasn't made any stupid statements that his method can't do. Huge vouch for this guy and his eBook! +1 !!

You're ebook is so good it got 10/10 by both reviewers? This is why the ebook market is so messed up. People who review are over generous.
