Hey everyone, I've gotten more of dem bitcoins, so I'm going to be doing a second bitcoin giveaway! I'll be giving them out until they run out. This giveaway is for l33t's and ub3r's only, I don't feel like giving out my hard earned btc to people who haven't contributed anything like buying an upgrade. :)

How to receive \$0.08 BTC

1. PM me your BTC wallet address

If you're special I might even send you a little added bonus. ;)

Enter now! ?
