Nice earnings, through app sales? I assume you're flipping apps?

RedCardinal - September 27, 2014, 4:28 pm

Yeap. I make games for iOS devices.

Can you tell us any previous game you made?

Nice earnings tho ?

I don't want to reveal any of my games because I don't want people to start looking about me and finding out my niche. :P

What panel is the screenshot from?

Looks like a good panel to keep track of payments.

I'm in WP apps, might go iOS aswell soon.

coronalabs seems nice. I use cocos2d-x since its free. If you used both how do they compare?

Anyways congrats and wish you the best
