A movie called Himizu, it was great. it follows up on the tsunami that happened a few years ago and revolves around two middle school students and how there parents are very abusive and so forth and the main protagonist is sorta suicidal.

here's the trailer for it

Turn Left, Turn Right is pretty good, if you're looking for something kind of sad and cheesy.

Definitely would recommend The Garden of Words. Here's a thread that a user made which made me want to watch it: <https://hackforums.net/showthread.php?tid=4439499&highlight=Garden+of>

I recently watched Kokuhaku and really enjoyed it. Tokyo Gore Police is always fun to watch as well.
