Thread: [Backlinks For Your Site As Well As Link Exchange. See Our Page Analytics](#)

Sell4Me - September 28, 2014, 8:39 am

Hey guys looking to exchange backlinks.

Website

<http://www.quizzyssoftware.com/>

The domain and page authority are continuing to grow. As of right now we are showing 62 backlinks via alexa.com but we have over 140 and are growing. Get in on this while we are offering it to free because once we have a page rank of at least 1 we will not be offering this for free any longer. Anyone who does link exchange now will stay on the site indefinitely. We will put your logo, link and a short phrase on our affiliates page. We are also on Page 1 of Google for the keywords "cheap computer software"

Regards

Geez. Your affiliates page is ugly as fuck. It's like a kid left a mess and didn't organize or something.

Your page authority and domain authority are ridiculously low, this will bring nothing but harm to your SEO'd site.
