Thread: [1ClickSpam | Chatroom Spreader | Autotyper](#)

WZDY - September 29, 2014, 12:50 pm

Hello HackForums. I recently made this very simple autotyper. You can use this to share your skype around chatrooms simply by using this program. You will understand ofcourse.

Screenshots of the Tool

As you can see, the tool is very simple but you can use it in various ways.

Suggest more!

If you have any ideas and suggestions for this tool please PM me or post here! I'm sure there are plenty of these tools and that they are really simple but this is my version of them, if you don't like it, don't even bother commenting.

Nice program :D

In what language is it coded in?

This looks very clean and simple, nice work!

Tahoe77 - *September 29, 2014, 8:53 pm*

Looks very nice, thanks for sharing

theblackdeathx - *October 28, 2014, 8:38 pm*

yay thanks a lot op nice work and thanks for sharing

Arcanine - *October 28, 2014, 8:47 pm*

Looks nice. Could be used for ewhoring methods.
