Well I am pretty much unknown on HF. I've not done much to give back to the community that I find myself spending more time browsing. And I've decided I want to give something back to you guys. - 1.) If you have any open or old scam reports you are not to enter. (I will be checking)

- 4.) Do not PM me.
- 5.) No trashing other peoples posts.

**Doodlebob™** - October 5, 2014, 2:08 pm

Hello! I am Exryption, I am not very known here, but I would love to get a copy of your Ebook! I have heard a lot of Ebooks out there are shit and don't do what they say they do, but I feel like there must be atleast ONE out there that works, so I would love to try that out. I'd be willing to leave a honest review after spending time into whatever the method is. Thanks for this giveaway!

I will be going threw with it. didn't spend all that time on the thread not to lol. Not to sure why people would offer something like this and then not go threw with it. what gain does that get them? lol

**xoptical** - October 5, 2014, 2:13 pm

Looks like a great giveaway! I'm not sure that I'll enter though ;s  
Good luck to everyone who enters thought!

**Killian Jones** - October 5, 2014, 2:14 pm

I would love to enter this contest. I'm relatively new to the community, but I love it! I want to sell my products and give back/contribute to the community. I like to help people out in the lounge, and I just posted my first product yesterday. Winning either of these prizes would really help me to achieve my goal. Thank you, and good luck to all who enter!

**billybobzz** - October 5, 2014, 2:16 pm

I would very much like to have l33T, I would like the increased mailbox most of all, but the opportunity to show your appreciation(Rep) for the help of the community is great. Also I try to help people on here as often as I can. But only when I have actual experience on the topic.  
Most of what I know i have learned here on HF though. Great community.

Good luck everyone. & Thanks for the contest op. ?

**turkish-hacker** - October 5, 2014, 2:17 pm

Entering the contest for the e-book, good luck to everyone.

**Royal Crowd** - October 5, 2014, 2:19 pm

In no way do I think I deserve l33t, but I'd love to have it. Just to have it and so people would come to me for help if they needed it. Thanks for the giveaway!

**Pain** - October 5, 2014, 2:25 pm

First off thank you for this giveaway and even if I don't win, you are helping the community out a lot!

I would love to have L33T bro I am on hf every day and take a great pride in being part of it. I try to earn money to upgrade but it is hard to even as stupid as it sounds. I do lol skin giveaways myself and I know it feels awesome in the inside and out.

I never plan to leave hf in a long time so this would help me progress in the community and become better and more HQ each day.

You won't regret getting me L33T because you will see me on everyday.

Thank you and good luck to all.

**DaChosenOne** - October 5, 2014, 2:27 pm

I don't think that i deserve it but i'm so active and i help people much if there is something i can do i do right away.

and wanna help the community and trying to be more HQ and to rep the good members like you  
and i'm online 15 hours a day  
thanks for this giveaway :)

**?Gohan** - October 5, 2014, 2:40 pm

1 Hour remaining until end of the contest.

**dyCoder** - October 5, 2014, 2:49 pm

Thanks for this giveaway!

That is certainly a way to boost someone and perhaps donate to the community itself.

I truly believe I can give away much of what I know, to HF community.  
I don't plan on making money or anything like that.. I want to contribute knowledge and learn more myself.

One thing I love - Knowledge.

I've been around infosec for many many years, but haven't done much community related, nothing really to contribute to others but myself really.. I read alot but don't write up much.. but when I do, it feels good... Lately that keeps me up alot for doing just that.. writing, sharing and learning more than I thought I ever could.

I've been a member for over a year but made a huge progress just the last few months, that makes me happy.

That and I'm just that much positive I can do alot more in a short time to keep up for the 'quietness' I've been in, that will pay off im sure.

I'm going to keep doing that anyways, but an upgraded member status should help out alot ?.  
Just being a part of it makes me feel good.. that knowing each day something interesting might pop up.. Constantly refreshing pages and threads with what interest me most and sharing my own advice and opinion.. While in collage, just waiting for the train and in all those late hours at night looking for a fresh meatly info (Your E-book sounds like something I should dive into as well, been exposed to many recently and I'm totally up to it).

Thanks for this giveaway and goodluck to everyone else.

**Pentesting** - October 5, 2014, 2:59 pm

I'd like to enter this contest for "L33T" I'm on the forums everyday for a few hours, and it sucks not having a beast signature/rank.

I have a lot to give to hackforums, so far i've released my CSGO Scripts, people do doubt me because i have no rank, and they might think i'm a scammer/ratter.

I try to do "HQ" Posts/Threads and hope to become known around here, i try to give back to the community.

I hope you pick me, or atleast keep me in mind, thank you.

**djsp1k3sm0k3r** - October 5, 2014, 3:07 pm

L33t would be so awesome to have. I been a longtime loyal member of the forum and feel it's about time for an upgrade. Good luck to everybody that entered.

**Loiter Squad** - October 5, 2014, 3:07 pm

I think I deserve L33T because I will have more to give to the community. I have already gave away xbox live codes for free and also apps worth money. Also, I would be trusted more if I start my own way to earn money. I also would like the opportunity to give positive rep to users because many

users on here have helped me in things. If I win the first thing I will do is give you rep in thanks (: I also want the ability to host contests, I think they're fun to do. Hope i win and gl to everyone!

?Gohan - October 5, 2014, 3:21 pm

Hi. Everyone, some very strong contenders, it's going to be hard to chose.

20 Mins left for the Give away. If you post after 23:40 your post wont count, please give me a little while to chose my winner.

Union - October 5, 2014, 3:29 pm

To be put straight forwards too long, If I'm not busy. I'll wake up '8-10 AM' get on HF and stay on till sun down which is usually 2 AM if not Later.

There is so much to achieve here from prosperity in money to greatness in knowledge, You can make friends here and do all kinds of stuff from Black,Grey, and White Methods. But for me, My goals are to make moments that I'll never forget make friends I'll want to meet outside of a computer, Even make a little wealth along the way. Get a high reputation here and Do giveaway like yourself are doing. There loads to do here really but giving back what I learn or earned would be the best way I personally can experience or achieve anything here at all, and thus far I've had an amazing time and the time I've spent here I wouldn't replace it for the world thats how much you guys mean to me. Making new friends, Because this is one thing outside of the computer I am not good at, Talking to people here is like having a conversation face to face for me. and many people here can relate to what I've been through what I will go through or what I can expect to go through, there are people here from young to old someone can easily learn a thing or two here and that is something I hope I gain interest in also.

I would just like to say Thank you to everyone who entered. I found choosing very hard. most if not all of you deserve L33T unfortunately this time round I can only upgrade 1 person. I have Read all of your posts, look at all your rep, other posts. and it was a difficult choice to make.

And the person who will be receiving a free copy of my E-book is "SilentDeath1127"  
I will be contacting both of you VIA PM to discuss what happens next.

Again Thank you to everyone who entered. I will be doing more give aways when I can.

**dyCoder** - October 5, 2014, 4:24 pm

I would love to have l33t :) I try to help people to the best of my abilities in this community. I probably don't deserve this as much as someone who gives back to the community very often but I just think it would be great to have. Thanks in advance :) and also good luck to anyone who enters
