Thread: [Anime\(s\) with the best dub?](#)

Xeero - October 8, 2014, 7:52 am

Just wondering which animes are of the highest quality dub in terms of voice acting and what not. I think the best dub i've seen is Death Note, I just think that it is really nice, quality voice acting. So whats yours? ?

Ang?I - October 8, 2014, 8:05 am

Full Metal Alchemist, Cowboy Bebop, Hellsing, Black Lagoon.

Mikoto Urabe - October 8, 2014, 8:09 am

When these kinds of questions are asked people always mention Soul Eater. I must be in the minority. I liked the subbed better, thought the dubbed was a little bit corny or something.

Hmm, I've only seen Fullmetal Alchemist Brotherhood, I remember watching a clip of the original and remembering that Al's voice sounded extremely irritating... Not sure, maybe i'll have to check it out again...

I've seen both and I actually found it to be the opposite, Al's voice in Brotherhood made him sound a lot younger and it was extremely whiny.

Death Note and Code Geass for me :)

Struggled listening to how weird the original Code Geass voices sounded after hearing such great voices from the dubbed ones...

No one has said Drangon Ball Z? One of the best dubs by far.

I'm sure it's supposed to be like that as the whole show is pretty corny and if you understood you'd probably think the same of the original version

I think Steins;Gate has a really good dub and the sub seems more sexual. Cowboy Bebop's is really good and I think they got exactly what they wanted with the Space Dandy dub

Gladly - October 8, 2014, 11:50 am

Black Lagoon, Cowboy Bebop, Baccano, Samurai Champloo, Spice and Wolf, Hellsing Ultimate, and many, many other shows have great dubs. On the contrary, there are plenty of bad dubs too.

?Tet? - October 8, 2014, 1:05 pm

Ghost stories has the best English dub lol.

Manny - October 8, 2014, 1:24 pm

Dragonball Z

Naruto (I really don't like the anime but when I was little I used to love it)

Once Piece

Angel beats

Cowboy Bebop

Spice and Wolf

Clannad

Those anime have really awesome dubs.

Lawful Evil - October 8, 2014, 1:37 pm

Spice and wolf is one of the few I really like more dubbed then subbed. I fell in love the the english voice on Holo(horo).

Tokey - October 8, 2014, 1:46 pm

Ghost Stories

Golden Boy

Samurai Champloo

Welcome to the NHK

Cowboy bebop

Noiz - October 8, 2014, 5:26 pm

Gantz is the only one that comes to mind, subs are master race.

SimSammy - October 9, 2014, 12:18 am

Gotta go with DBZ on this one, I can't even watch the english sub because of Goku's voice, eck.

Professor Pantsu - October 9, 2014, 2:02 am

Ghost in the Shell, Baccano, Cowboy Bebop and Full Metal Alchemist had some of my favorite dubs. But maybe half of those are just out of nostalgia.

SIM-1348814 - October 9, 2014, 8:56 am

Code geass had the best dub out of any anime ive ever watched and that is the only dub i will ever watch...

eight - October 9, 2014, 9:56 am

-Black Lagoon

-Trigun

-Cowboy Bebop

-Space Dandy

-Soul Eater

-Afro Samurai

-Samurai Champloo

-FLCL
-NGE
-Fate/Zero
-Hataraku Maou-sama!
-Mirai Nikki (it's alright)

Lol, nice low-key dub rec thread.

neightworks - *October 9, 2014, 11:52 am*

I personally liked the SAO dub more than the sub.

Panty and Stocking

Everything else I'd suggest has already been said.

Kouichi - *October 9, 2014, 6:08 pm*

Shippuden, Space Dandy, and FMA: Brotherhood. Not the best, but they're pretty good dub.

eight - *October 10, 2014, 3:57 pm*

Boku no Pico had a great dub, if not the best dub in the history of anime.

Esdese - *October 10, 2014, 5:56 pm*

Death Note, Another, and Mirai Nikki for me!

saintcarter - *November 24, 2014, 10:41 pm*

its obviously dbz, not only dub but the music is an upgrade over the japanese version

VYKTOR - *November 24, 2014, 11:00 pm*

Code Geass for me & Death Note too.

I've only seen the dubbed version of Death Note it was HQ.

Chips Ahoy McCoy - *November 24, 2014, 11:41 pm*

I can't really think of a best but some notable ones would be

FMA:B

Steins;Gate

Future Diary

Lyrlei - *November 25, 2014, 7:07 am*

Uh it would be Code geass, but there are decent tons out there too- like Spice and Wolf.

Ormr - *November 25, 2014, 7:35 am*

Like Tet wrote, Ghost Stories probably has the best dub I've ever watched.

Peanut Butter - *November 25, 2014, 10:11 am*

Welcome to the NHK, it's one of the few I watched in dub and liked the VAs.

GL1TCH3D - *November 25, 2014, 8:50 pm*

Soul eater dub was good.

The Air gear dub was much better than whatever Japanese voice actors they had

Genesis Snake - November 26, 2014, 2:07 am

Y'all forgot about Trigun?

Genesis Snake

GroveStreetOG - November 26, 2014, 12:17 pm

FullMetal Alchemist Brotherhood and Code geass, Death notes dub wasnt to bad either

dismayed - November 26, 2014, 9:56 pm

Naruto dude, believe it!

Dragon Ball Z had a really nice dub but I just rather watch the SUB anyways.

Kid Goku - November 26, 2014, 9:59 pm

I don't know exactly what you are basing it off of, but I like dubbed better for anything, but in Dragon Ball Z the dub is way better than sub. The voices in sub are too weird.

MENACE II SOCIETY - November 27, 2014, 12:43 am

Hands down DBZ had one of the best English dubs ever.

Xeero - November 28, 2014, 3:44 am

Since when did this thread become active again, I made this ages ago???

Fireworks - November 28, 2014, 10:54 am

Full Metal Alchemist had best eng dub in my opinion.

deaddead - November 28, 2014, 11:41 am

Full Metal Alchemist, Cowboy Bebop, Hellsing, Black Lagoon.
