I would like to have a PC background (1920x1080)

With the word 'Pacifist', but it should be a dark/evil looking background.

Thanks in advance!

Beautiful ass logo he made me. If he charged i would've bought from him already.

Bobby3213 - October 10, 2014, 2:39 pm

Huge vouch for this guy!

Nice picture you created! I really like it.

Although, if possible. Would you make the word 'Pacifist' a bit bigger, but keep it in the same position as it currently. There seems to be the letter 'I' before 'P', which isn't really a big deal, but a bit weird. "Ipacifist". < If you could remove the 'I' in the beginning aswell.

Thanks!
