Ok I'm interested in buying how much you have.

SomeWhiteGuy - July 23, 2015, 4:02 pm

Ridiculous rates.

Good luck with sales.

SomeWhiteGuy - July 23, 2015, 4:13 pm

You're rate is close to 2x their worth.

That is not acceptable.

Who would rightfully think that it's a "fairly decent rate" if I sold btc for \$500 a coin rn?

It's your coins do what you will, but I will not pay that much; you can probably find someone ignorant enough to pay that much, no doubt.

SomeWhiteGuy - July 23, 2015, 4:26 pm

(Jul 23, 2015 04:22 PM)H3God Wrote: [\[CITE\]](#) Maybe you've been living under a rock.

There was a huge dump of omc 3 days ago

<https://hackforums.net/showthread.php?tid=4915312>

This is why the price is low atm.

The price will eventually go up and go over 1k sats. Price went back up from 1 sats to 800 in day.

If there's an auction the price will increase even more like last time. I've looked at the charts and the price was around 1600 at one time when the auction was going on.

If you're not interested then don't bother commenting on the thread anymore.

I don't need somebody telling me how much to sell my coins for.

No hard feelings. ?

Maybe you're ignorant; I don't judge, neither should you.

I'm not trying to tell you how much to sell your coins for, hence the previous sentence in my comment that you quoted: "They're your coins, do what you will".

And what's your point? Just because there was a dump doesn't mean that their price is what it was BEFORE the dump... that's the whole reason dumps are bad, because they DECREASE the price.

Justin Timberlake - July 25, 2015, 5:06 pm

What price/rate are you selling at? I might take some of off your hands.

Donald Trump Jr. - July 25, 2015, 5:10 pm

OP isn't selling BTC, he's only exchanging his PP for BTC.

Speaking of that, I do have \$15 BTC I would like you to take off my hands, for PP.

If \$15 isn't too little, just send me a pm or reply to me and I'll pm you.
