Thread: [GFX-Graphics-Advertising Graphics-CHEAP!!](#)

Crunchh - *October 14, 2014, 10:56 pm*

Hello there, have you wanted GFX cheap? well I'm the man for you :)

Here are my prices (if you need a preview add me on skype: dave.davis90 - I'll give you a preview of some things ive done)

Logo (you include the logo)- 10\$

Background (desktop)-15\$

Logo (I make it, logo and everything)- 15\$

Youtube Banner (I need the size, so tell me) - 10\$

Signature (HF or any other place you need a signature)- 15\$

Profile Pic (Profile picture for any site of your choice)- 10\$

Advertising Art (if you need more info on this add me on skype)- 20\$

If you guys are looking to buy, or know people who are add my skype : dave.davis90 (it is ddos protected so dont try lmao)

Here are some Logos,Pictures, And Signatures I have made.

This is only a small bit of art I do, and I am learning new stuff everyday, enjoy ?

Nice graphics but as an advice try to post in the [Paid Graphic](#) sub-forum as this is a sale thread.

cybertechpp - October 15, 2014, 6:52 pm

Im looking for a GFX designer msg me on
skype:yungtechboy1

Your designs are too "basic". There's not a lot of effort put in them, and many principles of web & graphics designing aren't applied.

Colour matching, proper sizes, typography, usability, readability etc etc...

If you want my honest advice, you should spend some more time working on photoshop before charging for your designs.

Regards.

PS. This is the wrong section for your thread.
