Thread: [I can't get replies on pof because of you guys?](#)

thegreat23 - October 16, 2014, 12:26 pm

For some reason I can't get any replies on pof. I think you guys are trolling us. I am 21 years old, 6 feet 1, pretty thin, tanned, dark hair, green eyes, and have pretty nice clothes in my pictures. Only 1/3 women I message on there reply back. What's going on are they bots and really guys on here?

Nobody gives a fuck about your online identity.

Find women in real life and stop bitching.

The problem is he's in the eWhoring section asking why he can't get woman over the internet.

Call me ignorant. But he can find a better place to find girls, as well as ask this question.

Plenty of Fish doesn't have a lot of e-whores. The community is also really good at flagging and getting e-whore accounts banned.

Maybe your profile is just boring. Maybe you message women with generic, hollow messages like "hi what's up" which don't compel any response whatsoever. Or maybe you project the same arrogance and entitlement in your POF profile that you do in this thread. There could be tons of reasons why women don't find you appealing.

Yeah I get banned alot too. I use to get banned like within an hour until I found a good vpn and disabled java. It's very hard to ban evade there so I suspect most are legit or pros

Or maybe he is ugly as fuck XD.

Dude stop blaming people for the bad things that happens in your life.

millions of guys on there and your sure your the only one writing them, they probably get tired of d*ck pics, flirts, cheaters, one night stands, and probably people writing them all the time. i think fuq. right....get off the computer and find a real relationship, POF is for fat guys who wanna spend \$20 for a knob job, go to the beach or something and start talking to girls, sure one will go without turning you down atleast for a chat and number.
