Thread: [Trust's 1,000 Gamerscore Adder \(Xbox\)](#)

Trust - October 16, 2014, 7:37 pm

Kind of an odd service, but I thought it would be a fun one.
I will add 1,000G on to your Xbox account.

Why?

Because it sounds fun.

Games that will most likely be used:

Sonic the Fighters (Game will be completed 100%)
The Walking Dead
Guitar Hero Games
Rock Band Games
Halo Games
Galaga
Sonic Games

Everyone will also receive the Inhuman Achievement and Star Mania achievement on Guitar Hero III for completing TTFaF on Expert.

I am doing this all myself for fun and no external programs will be used, so don't worry about getting banned for gamerscore modding.

I also understand that trusting another person with your account is hard, so I'm willing to do this on fresh silver accounts to prove my legitimacy.

Your account will be deleted off of my Xbox as soon as 1k G is reached.

So yeah, if anyone wants this, post below or PM me.
I will be starting this tomorrow.
First come, first serve, but I will get to everybody.

Would the GT get banned for getting all of those achievements so quick?

EvanLB7 - October 16, 2014, 7:47 pm

Through the fire and the flames was a great fucking song on Guitar Hero in the day.

0% chance of this happening.

Yeah, it doesn't matter how much gamerscore (unless you have like 500,000 and have played literally every game I have) you have. I'll find a way to add 1k more. ?

Mmk.

You'll be the third request I do.

I have decided that I will be doing one a day and I may not do weekends.
