So this is a new thing I'm trying to do on HF.

I know that a lot of people are into SEO, and driving crazy traffic to their links, etc. But I offer my service of promoting your niche or link in smaller ways.

You will not receive thousands of likes, views, clicks, etc. But you will receive enough to give it a good start and to get it out there.

You can send me

- Websites or blogs in any niche, any language.
- YouTube videos.
- Facebook fan pages, Apps, Games.
- Amazon, eBay, Google play, All kinds of products.
- Affiliate links, CPA or Anything Else.

Thinks you should know

- I guarantee traffic. I just don't know how much you will get.
- If you want to know how many clicks you got, you should probably set the up beforehand. I'd rather you won't send me goo.gl links, but that's fine too :)
- It is 100% safe. No harm could come from my service.

Price

3\$

A small fee for a small promotion. For people who cannot afford thousands of views, SERP, backlinks, etc.

Vouch copy

I will give my service to 2 people of my choosing.

I would take a vouch copy if it is possible, I'd appreciate it and I would gladly review your service on your thread!

Thanks in advance and good luck with sales!

Please provide proof with a bit.ly [WARNING: potentially infected] link, so we can see average clicks.
