Thread: [What anime is your favorite?](#)

traczthefox - October 19, 2014, 7:49 am

First i would like to say I am not looking for a flame war.

To make it easier for everyone try and use the following format.

Anime name:

Why you like it:

Favorite Character:

Please no Arguing what so ever (I know i'm wasting my time with this, such a sensitive topic)

I'll go first.

Anime name: Free! - Iwatobi swim club

Why you like it: I just like the story behind it mainly, and its not the generic anime with 'epic' fights.
(gets old after awhile)

It's something different and well.. I am gay and they are hot :P

Favorite Character: Haruka Nanase, I see alot my self in this character because of how he acts.
(Except I can't strip at the sight of water)

I enjoy to see everyone else's favorites and maybe find another anime to watch.

Cheers?

Favorite character: Hikigaya Hachiman, simply because I can relate to him (we have somewhat similar personalities)

GroveStreetOG - October 19, 2014, 11:16 am

Akame ga Kill, while it is a great anime, I don't really think it qualifies as the best anime. Same thing with Highschool DxD.

Honestly, from the two you suggested, I feel you may like:

Trinity Seven - <http://www.crunchyroll.com/trinity-seven>

Heaven's Lost Property (it's a really great anime, but not on crunchyroll, sadly. It has action, and a lot of ecchi).

No Game No Life (while great, also wouldn't put it as a top anime)

Oreimo (can be a hit and miss, I loved it though. Mostly ecchi, not much action)

They're both spectacular anime's which I feel you will enjoy. There's action in both and (especially in Trinity Seven), the characters are awesome.

I really don't wanna see anything else ongoing, I'm having a really hard time as is with akame ga kill!, tokyo ghoul, and Highschool DxD ?

Incest anime - yeah kinda but it's a hit and miss. I thought it was good, but it's a very mixed-feelings type of anime. I'd only watch it if you have spare time.

And yeah, that's the heaven one, it's a comedy with action and ecchi. I liked it, at least.

Oh god... All I can say is, Oreimo is kinda of an incest, but still appropriate.

Kiss X Sis is like... Holy shit, it's not "technically" incest (not blood related), but yeah... I don't know if it's an anime at this point or a wannabe-hentai.

Don't get me wrong, love them both equally.

Anime Name

Clannad

Why I Like It

It was the first and only anime that made me genuinely cry. I've cried before, to vent emotions, but it's always been forced.

Favorite Character

Tomoyo, 'cause it's too cliché to favorite the MC

Ice Queen - October 31, 2014, 9:25 am

I'm actually surprised no old fag has come in here ranting yet.

Anime name: Rurouni Kenshin

Why you like it: I've always liked ancient Japanese movies, shows and drama. I just like samurai.

Favorite Character: KENSHI- Shot Scratch that, it's Sanosuke and Kamatari

Samesies - October 31, 2014, 10:11 am

Favorite anime: InuYasha

It was my first anime I've seen back when I was 14 or so on adult swim. I had just gotten dish network and I was up late on a Saturday at 12:30 am and was surfing channels, started watching it and fell in love. From that Saturday on I stayed up each Saturday to watch an episode.

My favorite character: InuYasha himself, especially when he went full demon.

Protoshadow - October 31, 2014, 10:29 am

Anime name: D.Gray-Man

Why you like it: I'm not sure, I hate the first 50 episodes because they are quite boring and not fun at all to watch. But I just love every single episode after it. I like the idea of the story and the back story of the characters.

Favorite Character: Road Kamelot

Favorite Character: Ulquiorra Schiffer

Anime name: Shingeki no Kyojin (Attack On Titan!)

Why you like it: Somewhat portrays dark anime theme and similar to Clash of Clans the IOS/Android game app :P. And this Anime conducts strategies that seems realistic like the "Long-Distance Enemy Scouting Formation".

Favorite Character: Mikasa Ackerman, because she's a badass woman.

Overall, I hope when the new season comes out they should add more or at least kiss scenes to make the Anime even more realistic even if there is gore, blood, and violence.

Quoux - November 19, 2014, 5:10 pm

Anime name: Fullmetal Alchemist: Brotherhood

Why you like it: The story line is very intense, and not to mention the anime's physics and mechanics are very intuitive. Obviously it's all rather impossible, yet there are certain rules that they follow that clearly exist within the created world. And the fact that they follow them fairly consistently is good to see in an anime, making it very high quality. I also love good action scenes in my anime, and FMA:B has quite a few.

Favorite Character: Most would say Edward but I think Greed/Ling is my ultimate favorite. He acts so carefree yet he is very powerful at the same time. Not to mention he is the one Sin that everyone can relate to the most. Not many can relate to wrath, pride, or lust as they don't embody their Sin as much... sometimes I feel like Gluttony though x)
