Thread: [I need to stop watching Anime that only have 1 season ...](#)

Aura - October 19, 2014, 12:26 pm

I really need to stop as I'm too much into and I want to see what happens next and NOPE, no Season 2 and doesn't look like there's going to be one.

It just happened with "Strike the blood" and I hope for God that they're going to make a Season 2, even though there's small chances.

Sorry, just had to rant about it ?

Pillows - October 19, 2014, 1:04 pm

It's a bit strange to see you here but here are some animes with 2+ seasons:

Fairy Tail
Infinite Stratos
SAO (ongoing)
Log Horizon (ongoing)
Free (if you're into that fangirl scream crap)
Bakemonogatari

Vip?r - October 19, 2014, 1:06 pm

Hayate no Gotoku
What genres do you want?

Well, I like Animes in the genre of Strike The Blood, but also Fairy Tail, Sword Art Online, Full Metal Alchemist. Like : action, magic, plot, romance (like in every anime, but it shouldn't be the central point).

Try Magi, Fate/Zero, and HS DxD. All have magic, action, and a bit of romance. All have 2 seasons as well (S1 for Magi is The Labyrinth of Magic).

Methods:

Use MAL to store your anime but it's not in order of watched.

Use Hummingbird and join all of us.

<https://hackforums.net/showthread.php?tid=4382019>

Use notepad to easily keep track and keep order of which you watched first.

I recommend doing all three but strongly suggest option 3.

Fate/Stay night is about Saber and the son of the previous master of Saber. Fate/Zero S1 ends off like this I'm pretty sure:

End of Fate/Zero S1 spoiler ([Click to View](#)) Lancer, Saber and Rider go up against Caster.

Magi is a good one to watch. I really loved it. You can read what it's about here:

It's better than watching two or three seasons of anime to find out that the cliffhanger is the last episode of the series and then you never find out what happens.

Lol same man, anyways if you still haven't tried to watch "Zero No Tsukaima" I suggest doing so.. (If you did already sorry i'm just not going to look at 8 pages to see if you did or didn't)

STB was a really good Anime. I wanted season 2 as well. But it's likely there isn't going to be one. :P

Yeah the ending is pretty fulfilling. I really enjoyed it at least.

But there's only 12 episodes, is it enough to make a full serie?

Deadman Wonderland made me want to kill myself for wasting my time watching the singular season. That train wreck of an ending scarred me for life.

Is strike the blood good? I watched a couple of episodes a few months ago it seemed ok.

I watched it like a month or two ago and I loved it. However, there's place for a second season and there's none scheduled yet.

I would imagine the reason they stop at season 1 is to make people read the manga in most cases.. which i don't blame because the manga is amazing and adds so much more detail.

Manny - January 11, 2015, 10:14 am

Most great manga are just 1 seasoned shows. Then there comes the 2-3 seasoned shows which most of them suck balls.

Nine - January 11, 2015, 10:22 am

Durarara has 2 seasons now as well so I would say to watch that too.

I think it really depends on the manga, and how long the actual story is. I haven't seen really many 12 episode animes that have been really great and closed on a good point where I was satisfied.
