Not into halloween here myself.. No point in posting gf's future costume fail too, since she won't be scary. She's gonna dress as red card Katarina (League of Legends) and look like a total fucking whore with a daddy complex. Eh.

Dr.Penguin - October 19, 2014, 9:40 pm

Please make it also a costume thread, ty.

I can make a very creative costume from scratch, but it would cost me too much money and I'm too old to ever use it for anything.

Good luck to everyone entering. Looking forward to seeing some creative entries.

FADING - October 24, 2014, 1:45 pm

Anyone going to enter :(about a week left
