Thread: [League of legends summoner lookup tool thingy](#)

ElementalTree - October 20, 2014, 11:20 am

Hi, just showing my progress on this.

I think i got a pretty decent layout going right now

I will be adding stuff like 3v3 and 5v5 team stats, give me ideas if you want

Paathurnax - October 20, 2014, 11:21 am

Support for EUW would be pretty decent.

Yeah i got all the servers covered except garena i guess

Ignignokt - October 20, 2014, 11:53 am

Looking great. I look forward to using this, when/if you release it.

ElementalTree - October 20, 2014, 11:54 am

I just have a bug with getting the profile picture from time to time, the 2nd or 3rd search wont show the pic for some reason
