????????????????????

I have received a copy of the eBook, Godlike Cash. Like with every eBook I review, I'll be giving my HONEST opinion of it based on grammar, originality, ease of use, and organization. Please note that I am NOT in any way affiliated with Sam Winchester or Godlike Cash. Now without further ado, let's begin the review!

Grammar10/10 The grammar in this eBook is fantastic! There are very RARE occasions when I see an eBook with perfect grammar. I understood every single word mentioned in this. No grammatical or spelling errors found at ALL.

I can reassure you that you will NOT have any problems reading this eBook.

Originality

9.5/10 The idea behind this eBook is quite simple, yet not many of us know how to use that for our advantage.

Sam explains in details how everything works. I'll admit, I haven't seen anything like this before until now. The method provided is just... genius. It's incredible how this will never be saturated.

Ease of Use

10/10 For this section of the review, I have to give it a 10 out of 10. It's INCREDIBLY EASY to do. It only requires

a few hours of your time everyday, but seriously, it's all worth it. I appreciate the fact Sam takes the time in

his eBook to explain how everything works and what to do.

Organization

10/10 I definitely have to be honest here, I LOVE the way the content is organized. It's so easy to read, and it

allows me to go back through the eBook fast in case I forgot something. The organization is phenomenal.

I have to give props for such organization of content.

Overall
9.8/10

I can't believe I've never seen anything like this before. I was already thinking, "What saturated method will this be?" But in fact I was very wrong. This method is incredible, easy to use, and fairly simple. For a guy like me who has never earned anything online before, I feel this method is going to change that. You definitely have my vouch.

Thank you for offering me this vouch copy. This has been my honest review of Godlike Cash.

.Sinister APPROVED ?

Side note: I feel like this eBook will give me the opportunity to earn money online. I feel so positive and optimistic about this eBook, I have a good feeling I will earn.

I've never tried any method I've reviewed, but I think this will be my first. I'm going to try out this method and post earnings later on. I hope this does change my statement of "I will never be able to earn money online". (Oct 27, 2014 12:24 PM)Tatux Wrote: [\[CITE\]](#) Vouch for Sam and this ebook!! Originality - 10/10 This method is completely unique and I haven't seen it anywhere. It seems so obvious, like it's right under our noses the entire time. Everything about the method is new, but at the same time it looks like it could work.

Layout - 9/10 It's mostly text-based, not many images. But that doesn't take any value away, it just means that he gets straight to the point. It's just under 15 pages, and there is no wasted space or filler pages at all. No fluffy intro or backstory, it gets right to the method. It's written with perfect grammar, and it's extremely easy to understand and follow.

Ease of Use - 10/10 It's explained in-depth, and each step is detailed. There really aren't any requirements to do this, as op stated. It's so easy, I'm wondering how I haven't thought of it myself. Not much effort is required either, but the more work you put in the greater the profits will be.

Overall - 9.5/10 It's easy to understand, easy to follow, and easy to do. It seems like the method has great potential, but I can't be certain. Overall, it's a pretty good product.

First of all I would like to thank you.

Secondly, the method isn't 'unique', I have defiantly heard of it.

I find it really hard to believe Tatux's proof though.Anyway...

It will take some time though but it can work if executed correctly.

Good luck on sales.
