^^ its sort of an update or mix of ...

adenfr - October 1, 2016, 4:49 am

how the usage of this classe i like it

My Computer - October 1, 2016, 7:17 am

You use it like this:

```
Code Dim notification = New PopupNotification()  
notification.NotificationType = PopupNotification.Type.Warning  
notification.Text = "Hello world!"  
notification.Show()
```
