Thread: [Looking for anime with Overpowered MC, like Bleach.](#)

PhoenixHF - October 27, 2014, 3:48 am

Like Bleach.

NOT like Dragon Ball Z.

I don't want to watch DBZ, Black Lagoon or something like that.

My definition of OP = Ichigo from Bleach. Kick your ass in a second.

I watched so far:

I can vouch that Tatsuya needs more sacrifices, but at the same time a lot of the other characters get screen time as well and the plot is kind of meh, so I'm not sure it'll be able to keep you in as well as some other shows might be able to.

Dragon. - October 27, 2014, 7:08 am

Izayoi from Mondaiji-tachi ga Isekai kara Kuru Sou Desu yo?

•Lawliet• - October 27, 2014, 7:50 am

I don't know if you could count Inuyasha or Rurouni Kenshin in.

Just to name some oldies, as I see you lack off on that list :P.

Zexo - October 27, 2014, 7:56 am

Blue exorcist

There are some others but here are some of my favorites you may like them you may hate them but try them out.

Duyere - October 27, 2014, 9:13 am

I am surprised nobody has said this, but Ichigo is in no way an overpowered character. He gets his ass handed to him against nearly everyone/everything he fights, and then he has to do all this "inner mind training" to become the badass that he is.

Definitely not overpowered.

You could also try watching Kiba and s-CRY-ed; However, I do not believe any of the main characters to be overpowered.

Esdese - October 27, 2014, 9:37 am

I'd like to say that Yuno from Mirai Nikki is OP as fuck.

And I feel like Kaneki from Tokyo Ghoul is OP too because Spoiler [\(Click to View\)](#) At the end he totally fucks that bitch up

read the manga and you'll see who really is OP in Tokyo Ghoul.

I opened it because I don't plan on reading the manga anyways :p

Spoiler [\(Click to View\)](#) If he dies how would they continue the manga? I'm glad the anime isn't following the manga xD

you should it's the best manga i've read yet.

Spoiler [\(Click to View\)](#)

He didn't die, the manga got a sequel called Tokyo Ghoul : RE which happens 3 years after TG

manga, where the MC is Sasaki Haise and he's apparently Kaneki, however we don't know if he's brainwashed, if he had amnesia from getting 2 holes in his brain or whatever the fuck happened because now he's in the CCG

Ohhhh so that's what I saw on 4chan, I was confused as to how that'd even happen.

Also I've never read a manga so idk maybe i'll start with this one!

south2aka - October 27, 2014, 10:35 am

Well the Main Char in mondaiji-tachi ga isekai kara kuru sou desu yo is OP xD

Toonami - October 27, 2014, 12:22 pm

C'mon man, next time use the search function.

<https://hackforums.net/showthread.php?tid=4459958>

Actually, you didn't even have to search. It was only on the fourth page.

PhoenixHF - October 27, 2014, 12:26 pm

I watched the mondaiji-tachi anime guys,it is on the list.

Ao no exorcist is,too.

The oniisama anime, watched it too. (kinda weird brother-sister complex)

So far Rurouni Kenshin & Inuyasha.

And yes,Ichigo is overpowered by far,compare Ichigo with mc of other animes:

Lelouch - Would he stand a chance? Nope

Would Luffy stand a chance against him? Nope

Ichigo is OP, he trains and is very strong.

Levi - October 27, 2014, 12:53 pm

Not like Dragon Ball Z? Then how about Dragon Ball.

I've been waiting for this reply.

I dislike the series,bad graphics,looks like a cartoon for 5 year olds (no offense).

Disliking it for the old animation is disgusting. How can you even dislike a series you haven't watched?

I dislike goku's appereance man. I know it seems disgusting but the original animation is way too old and I can't just watch the newest sequel of it because idk the storyline.

Sorry about that.

Really didn't see it on the list.

Parasyte -the maxim- might be something to look at.

Really gruesome though.

Campione

Hellsing Ultimate

Afro Samurai

Sengoku Basara

Elfen Lied

Gungrave

Berserk

Claymore

FMA:B Even though I don't consider Ed to be that op.

Btw, is Google not a thing anymore?

audrey - October 27, 2014, 5:52 pm

Mondaiji-tachi works better if you read the light novels IMO, because there's more. (And yes I know that you watched it, just throwing that out there.)

5nobletrain - October 27, 2014, 10:42 pm

Berserk for sure.

The manga is better than the anime, too.

Stay away from the movies unless you want a bit of disappointment in your life.

Nothing wrong with a bit of dbz. No idea why you think it looks childish when your taste is bitter enough to enjoy Bleach and Naruto.

If you cbf with filler, watch dbz kai.

PhoenixHF - October 28, 2014, 12:29 pm

Thanks for the recommendations.

I will check them out.

Kinda dislike googling for anime, I really want subjective opinions xd

Esdese - October 28, 2014, 2:19 pm

Well I just finished Kill la Kill, and the MC is pretty OP.

9/10 I think you should watch it.

I dislike the amount of fan service. Not really into those 10% serious anime series. Though, I watched 10 episodes of it.

Meh, I feel like it fits the theme of the anime very well, especially with Nudist Beach.

Try and pull through it'll be worth

Xanz - October 31, 2014, 10:02 pm

Don't hate me for this guys... Soul Eater. There are many OP characters and great fighting.

Very true man. Ichigo is one of those people that really learns from his mistakes but definitely not OP always.

It's pretty new, not too long and damn the MC is OP as fuck

BlakkHeart - November 1, 2014, 6:58 pm

Ok then how about Akatsuki Ousawa from Hagure Yuusha no Estetica? He is my favorite character of all time & kinda overpowered

alphaking25 - November 12, 2014, 8:33 am

Agreed he is by no means op but he does have absolutely great character development

Well the reason for that is Spoiler [\(Click to View\)](#) Aizen planned all of Ichigo's fights. So he could fight opponents he barely could beat and become stronger.
