Thread: [Do you re-watch anime?](#)

Duyere - October 29, 2014, 2:45 am

Do you guys happen to re-watch anime you have already seen before?

I feel that I should start watching anime over again, I guess to feel nostalgic.

I've seen a TON of anime over the course of my life, but the only anime I have willingly watched again were several popular ones.

Today, I had been thinking about all the anime I've watched before. When I see an anime title that I know I've already seen, I can't for the life of me remember the characters, or what it was about.

It almost makes me wish that I had made a list of all the anime I've seen, but I think I might start re-watching just for the hell of it, and because I haven't had much to watch lately.

PhoenixHF - October 29, 2014, 3:15 am

After 15 years,yes.

But .." hey I watched SAO last week. I'm going to watch it again" is a NO.

Rakshasa - October 29, 2014, 3:34 am

If it's a show I liked and been a loooong time since I watched it, I'll rewatch it. Usually happens when I'm feeling nostalgic and don't care to watching anything at all.

A whole other matter when it comes to shows with high rewatch values though, such as Eva, Texhnolyze, Lain etc. Lost count of how often I've watched EoE.

Jintan - October 29, 2014, 4:25 am

i would re-watch them if i didn't finish the whole series. but so far the only re-watched anime for me is Ano Hana cuz that shit is emotional.

Chad ThunderCock - October 29, 2014, 5:05 am

I do.

I rewatched Mirai Nikki 1 week after watching it for the first time.

Also rewatched 12 episodes of steins gate 3 days after watching for the first time.

Feeling a huge urge to rewatch spice and wolf but I'm fighting it, I'll finish the LNs, read the manga and then I'll rewatch it again.

I also rewatched Accel World 1 week after watchign it for the first time.

Other than those not really, but I like to rewatch at least once or twice a year my fav shows

Ang?I - October 29, 2014, 7:06 am

I've never rewatched an anime. There have been some I thought about rewatching but I never got around to it.

Maybe after I chip away some more of my to watch list I'll finally rewatch something.

I tried watching Accel World but as soon as I saw the MC I dropped it

iMew - October 29, 2014, 7:34 am

I do rewatch anime I really enjoy. Madoka and Date A Live come to mind, although there are probably quite a few more.

zyvox - October 29, 2014, 7:50 am

I haven't rewatched an anime yet without it being watched with a friend. Watched quite a bit with a friend though, all re-watches because he wants to watch shows I can recommend.

Anyway probably will, but not until there's been some months. I want to forget like at least 50% of it before I re-watch it for it to be entertaining.

I wish I could buy a machine that would erase a selective part of my memories ;_;

Esdese - October 29, 2014, 7:58 am

I find myself rewatching previous episodes of ongoing anime like AkG, to freshen up my memory

Ronnie Flex - October 29, 2014, 7:59 am

I do not re watch anything whatsoever.

Rigel - October 29, 2014, 8:01 am

Yeah, I find myself rewatching DNAngel and Ugly Yet Beautiful World.

Blazin - October 29, 2014, 8:03 am

I've rewatched some dragonballz cuz it takes me back to when I was a kid.

Samesies - October 29, 2014, 9:10 am

Yes, but not if I just watched it recently. Sometime I'll watch a certain episode just because I really loved it.

Fireworks - October 29, 2014, 10:11 am

GroveStreetOG - October 29, 2014, 11:12 am

I havent watched that many animes but the ONE anime I have rewatched about 3 times is "Code geass" r1 and r2, and I plan on rewatching it during the winter break ^.^

Like, this would be the greatest thing ever. It's probably gonna be possible in the future aswell. Although it's kind of scary.

Giggli3z - October 29, 2014, 11:41 am

Re-watch anime? Well that depends on how much you liked it :S I watched Rosario + Vampire (both seasons) about 3 times i think... If you have nothing to watch, just rewatch some and mybe you'll get an idea on what to watch next ^^

Mr Orange - October 29, 2014, 11:45 am

If I really enjoy the anime I will. A couple animes have in fact, those being full metal panic, code geass, and tokyo ghoul.

Leminiscent - October 29, 2014, 11:53 am

I've never re-watched an anime, save for maybe shit I watched as a kid, like DBZ, Pokemon, Yu-Gi-Oh, etc. Although, I do want to re-watch Clannad, but I've been putting it off 'cause it's so... shudder ?

bustey - October 29, 2014, 2:30 pm

no i dont.. watched an anime someone linked me one time .. was 2 dudes fuckin

CorruptedProject - October 29, 2014, 2:51 pm

I re-watch anime when there is nothing new. Anime like Full metal alchemist is a enjoyable anime to watch.

XxXx - October 29, 2014, 2:52 pm

I've re-watched certain episodes. Death Note final episode was one that I've rewatched around 10 times over the years. Aside from random episodes I've rewatched the anime I rated 10/10. I sometimes get the feeling of I want to watch an anime but I don't want to start a new one, so I end up rewatching something. The only series I've rewatched more than once is Clannad, I think I've rewatched that around 3 times. The feels are strong in that and always seem to get me.

DragonBook - October 29, 2014, 5:19 pm

I used to rewatch Anime and Anime films. My max was usually 3. Now the only thing I rewatch is Porco Rosso, because it's so damn classy. I've seen it like 10 times.

Nevieth - October 29, 2014, 5:48 pm

If it's a good series with a lot of key plot points which are easy to miss, yes I tend to rewatch shows.

Shows like Code Geass or Death Note I've re watched about 3 or 4 times each, changing between sub and dub each time. Shows like Naruto or Bleach however aren't as easy to re watch, as they consist of over 300 to 600 episodes. I just finished watching Code Geass for the 3rd time, and I still find things in there which I missed the first time. Same with Noragami or even FMA:b.

how long do you usually wait between each rewatch?

I never tried to watch dub anime although I've heard most of my favs have awesome dubs, but I am one of those who hate dubs for "no reason" I guess.. I might try... But it removes the charm of the japanese language and hearing it for the second time with different voices might be a bit weird and unpleasing

I tend to wait anywhere between 1 day (Noragami & Zankyou no Terror) all the way up to a year. I need to start re watching Death Note again as it's really good (first 25 or so episodes that is) but it's been like 4 months so far.

The way I look at dubs is like this;

Quote:The voice actors are more fit for the roles in Japanese, however instead of trying to fit with society or impress a group.. just watch it how you want to, if you're going to multitask do dub so you don't miss plot points, but do sub if you're concentrating on the show and want the original experience intended by the writers.

Don't try to fit into the internet/ societies norms... you're just going to look like an idiot who says senpai and kawaii all day at school if you do.

<https://hackforums.net/showthread.php?tid=4513513&pid=43087115#pid43087115>

When you watch a show or anime, watch it for you... fit to your needs, don't try and impress others over the internet as that means you're not actually enjoying it. I love dubs and subs, they both fit to different roles. When I farm gold in World of Warcraft I watch dubs so I can still hear the story while I play, and I watch subs when I'm only concentrating on the show so I can see the original experience intended for me by the writers.

The only anime I watch is TLA, I re-watch it like I do with every show.

Nine - October 29, 2014, 6:02 pm

I would only re-watch an anime which I haven't seen in a long time. Only thing I've re-watched so far are Yu-Gi-Oh and DBZ since the last time I watched them was when I was a kid.

TLA? Is that short for The Last Airbender? If so that's a fantastic series, but not sure if it actually is an anime. I imagine anime being a form of animation produced and based upon Japan and it's culture.

Nonetheless it's still one of my favorite shows I've seen.

Chips Ahoy McCoy - October 29, 2014, 6:12 pm

I only rewatch shows that I thoroughly enjoy. I've rewatched Sakurasou 3 times, Future Diary 4 times, AnoHana 3 times, and Clannad+AS 2 times.

Retribute - October 29, 2014, 8:18 pm

I've never rewatched a series before. Sometimes I feel I should, though. Perhaps it's time for me to rewatch Death Note.

Aar?n - October 29, 2014, 8:23 pm

I used to very rarely but I don't have time to do so anymore.

Mikoto Urabe - October 29, 2014, 8:25 pm

I generally end up rewatching a show when my internet goes out and that's only if I don't have any shows left to watch at the time. but I have rewatched a couple of my favorites for the feels trip

Cyber Saint - October 29, 2014, 8:35 pm

Yep, for sure!

Some of the series that I've watched entirely I've found myself watching and enjoying weeks, months and even years later.

VA Tragedy - October 29, 2014, 8:37 pm

The only anime I've ever re-watched by myself is Spawn. However I've re-watched several anime series/movies only with friends. I get immense satisfaction out of showing a quality anime to a friend, the sheer enthusiasm and engagement that radiates off really validates my choice of anime while also reinforcing the experience of said anime hence seeing it a second time.

neverending - November 1, 2014, 1:50 am

Well I watch the previous season again when the new season is about to be released just to pick up the phase again :).

Rote - November 1, 2014, 11:08 am

I personally never do, unless I hear someone talking about a certain episode that I can not remember tho I know I have watched the whole season I will re watch it.

Peanut Butter - November 1, 2014, 11:31 am

I've only rewatched one complete series, if I rewatch anything it's usually just one episode because I forgot something or missed most of it.

.waste - November 1, 2014, 11:43 am

I have never once even re-watched one episode of any anime I have ever seen.

Tohka Yatogami - November 1, 2014, 12:46 pm

Honestly if I really liked the anime that I planned on re-watching, I'd most like do so. I re-watching InuYasha 3 times, even though it has so many episodes, simply because it's the very reason why I got into watching anime in the first place.

When it comes to anime movies though, I've rewatched a few of those.

I've rewatched Highschool of the Dead 2 months later after first time I've watched it.

Wish they add more seasons :(

Yeah, I do actually. I re-watched death note and high school of the dead. I loved both of them and I still find them entertaining.

Lyrlei - December 31, 2014, 2:19 am

I do it alot. Watched bleach twice already, Code geass 3x and more. Though only re-watch shows when i miss an anime or slightly forget the storyline.

VYKTOR - December 31, 2014, 4:02 am

I only started watching anime from this year & I've rewatched almost all my favorite animes at least twice or thrice.

I rewatch them just on a whim because sometimes I tend to remember some super cool lines said by the characters & I want to watch when it was said & I end up rewatching it completely.

other than that, almost every anime that I've downloaded so far is just to rewatch them again sometime later.

I've seen Mirai Nikki 2x, Code Geass 3x, Death Note 3x, Phantom RFTP 2x & Tokyo Ghoul 4x (just for the last episode).

·Lawliet· - December 31, 2014, 5:21 am

I re-watch almost every anime I watch at least twice because I often watch them again with friends or my sis.

xandyahx - December 31, 2014, 7:24 pm

I re-watch my favorite parts from the anime

Daniel Faraday - January 1, 2015, 3:30 am

Just the ones that get the most attention. Guilty Crown, Code Geass, and the first half of Death Note. I've seen Another and Mirai Nikki a few times, but just because I was recommending them to people. I've attempted to rewatch Shinsekai Yori with a friend, but he couldn't dig it.

Edit: The secret that I'll carry to my grave is that I've seen bleach twice in it's entirety and read the manga up to current.

No because you would know what would happen, what is the point then?

I will only rewatch it if I watch it with a friend who never watched the anime before.
