Thread: [\[Hallow's Eve\] AA Night #2 Voting](#)

Dragon. - October 29, 2014, 4:30 am

AA Night #2 will be hosted on October 31, 2014 at 5:00pm CST (11pm UTC).

Please select your top three from the choices below. You do not have to use all three spots. There were too many nominations to create a poll. Sorry :/

Voting format:

Code [b]Choice 1:[/b]

[b]Choice 2:[/b]

[b]Choice 3:[/b]

Note: Order does not matter. Votes will be counted regardless of position. The most votes and runner up will be played on Friday, and the third highest voted show/OVA/movie will be played if time permits.

More than half of your overall choices must be a Halloween related show in order for your vote to be eligible. Shows considered "Halloween related" have an asterisk next to them.

To be honest, I'm hoping that a Halloween show wins.

Amended the rules to account for this. Sorry for the discrepancies.

Well, enjoy your obligatory halloween viewing of DxD everybody.

Probably won't make it anyway, so I'm not gonna vote. At least I'm not going to have to make my escape in case DxD gets picked.

Esdese, you imbecile sigh two of your three choices must be Halloween related. Because only one of your three choices is Halloween related, your vote will not be counted. You have to amend your vote by replacing at least one of the two non-Halloween related anime (Kiss x Sis and Guilty Crown) with (a) Halloween related anime. Comprende cabrón? ? Mexicans

Normal-kun is your average high schooler. He's known by his peers as a stupid loser and a pervert. There's really nothing special about him.

However, one day, Loser-kun is in luck. A beautiful girl seems to have taken interest in him! As it is Idiot-kun's nature, he jumps at the opportunity of his unrealistic dreams coming true.

The beautiful girl turns out to be a fallen angel that wants to kill harem-MC-kun, because apparently, he IS special! What a twist!

Naturally, Pervert-kun gets revived by the most gorgeous girl of his school and is suddenly drowning in tits. As he gains power up after power up, which only really serve to satisfy his boners, all of the other girls he constantly saves fall for him as well. There are also some angel vs fallen angel vs demon conflicts and a search for a sword (all of those being extremely original).

Mediocre action shonen (rivalled by SAO's fairytopia arc) + harem + tits. That's High School DxD in a nutshell. Emphasis on the tits.

I don't particularly hate DxD, it's somewhat decent if you just consider it as a pure fanservice show, but saying it has "great plot" is ridiculous.

Well... The whole 'drowning in tits' part is because it's a harem-ecchi combination. And it is a fanservice show. But I think the plot is very exciting and the universe is pretty big and well built up. I haven't read the light novels but apparently it's gonna get even better, so I hope the adaptations will live up to it.

Whether the plot is 'great' or not is very subjective as with any anime opinion, but what I meant was that the plot excited me and I like how it plays out and I want to watch more of it. I absolutely love the magic used in the show aswell, and I keep wanting to root for the main character whenever the fights. And because he doesn't always win it makes it more exciting as opposed to for example the SAO fights with Jesus-kun in them.

The show has a very interesting plot to me. I like magic. Demons and angels are cool. The world is huge, and once we see that MC actually manages to fight we get a peek of the real powers in the world which makes me wonder how the actual fuck he's gonna try to be able to beat that as the little pussy he is.

I mean, what can I say, if you despise fanservice and harems there's no way in hell you're gonna like DxD :p But I'd still watch it without it.

Bottom line it's fanservice show and you should view it as that, but it has more/a deeper plot than your usual ecchi-comedy shows and it definitely has potential.

The anime that wins will always be shown in the Japanese dub. I have a bias toward Japanese dubs, and so do the majority of the users in this section.
