It's ironic huh? Lol. The more this contest gets noticed, the more people that enter the more the prize will be. I am not sure why people don't like to wear a signature.

BTB™ - November 4, 2014, 9:14 am

Will take number 7.

Would be updating the signature soon.

Cheers!

I have not added you guys to the list because you do not have the ebook as your signature. Once you place it, I will add you.

I will be most likely extending this another week so more people enter.

Red™ - November 9, 2014, 12:17 am

Try getting more people to enter in this contest or just pick a winner already or the best supporter lol.

Random - November 9, 2014, 12:19 am

Pretty sure you can't extend the time, you already did it once. Wouldn't this count as a fake giveaway/contest?

You already extended the time once man.

Yes, it would count as a fake giveaway as that's what Paradoxum did to Stazzy's giveaway. ?

Exactly. You never stated initially any requirements for numbers entered. IF, when you had posted the thread, you had stated that you would extend it a week if there were less than 5 entries or something similar, then that might be ok. But you are just extending it on a whim, which is not ok.

Random - November 9, 2014, 12:29 am

Also why do you have people wearing this:

Please note: My RF was due to b&p my threads.

[Read this for my story.](#)

Why is the RF part still in there....?

I don't even know man, that shit was taken out ? Or, so I thought.

The contest is still the original deadline. Even if the full number of people don't participate, I'll just do with those who did.

However, if you go back and look: Everyone who entered removed their signature/change it. Technically, there are no contestants.

Is he the only contestant?

That makes you the only one in the contest and I might just give you a prize of your choosing if you're the only one to stay entering by the time this ends, lol. :P

No, they have removed the image from their signature which means they are disqualified. Lol.

Lol can't just give it to red automatically

I can if he's the only one who entered and is still following the rules. The others were removed for the same reason you were: Removing the signature. The rule is to keep it on until the winners are announced. If you remove it, you are out. I said I will give it to Red if and only if he was the only contestant.

SIM-2193483 - November 10, 2014, 6:27 am

Mahdy - November 15, 2014, 9:01 pm

I have picked the winners. The gift award (on random.org) landed on a number that was empty 7 times. Due to the fact that there were only 6 people who entered, I am just gonna save it for another contest in the next week and a half I am hosting. However, because this eBook was such a success,

I added 3 basic packages instead of two. This way, there can be more winners :). The winners for the eBooks are: Red™ (basic), VLuf (basic), and BTB™ (basic). Superior: ?eshCollider.

Those who entered this contest and didn't win, if you want this eBook, you can get it for half off. Either the basic or superior package.

Those who won - PM me in order to receive your prize. The obvious rules such as NO leaking will come into play. More will be described once you PM me.

Thank you everyone, and stay tuned for a future contest coming soon for a total of \$150. :)
