With the loss of iMew, the team spend the next weary day traveling.
Progress is slow in the forest-covered mountains
and by the end of the day the bunnies collapse exhausted and hungry.
They build camp and gather to decide
who will be voted out next and lynched as the wolf.

If the wolf survives this round he may choose 2 victims due to being extra hungry from the hike ?

So uhm... Would you listen to me when I say that Fireworks is the wolf? I've said it since round 1 ;_;

I'm the reincarnation of Sherlock Holmes surely I can't be wrong.

iMew - October 30, 2014, 5:28 pm

Let's all have a moment of silence for iMew, the loss of a true comrade and great man.

Why do you assume it's Fireworks? Do you have anything to support your claim? It could be you by distracting everyone with your claims with no evidence.

Tokey - October 30, 2014, 11:57 pm

I think you may have forgotten to enable the names of those who have voted. Also, I've decided that I'm going to draw a name out of a hat this time. No clues, just dead bodies.

This should be in the tagline of a movie. Copyright it, please.

Don't fret over it too much. He's been throwing baseless accusations at me since Round 1 anyway...

Nope

However:

A smart wolf would probably kill those who know him best to avoid being found out by his "friends". So there's a chance that most people who got killed so far were friends or knew the wolf well enough. Or he just didn't think about this.

A smart wolf also wouldn't kill someone who accuses him as it would raise the suspicions high and would most likely be killed next round.

I'd say it's either Fireworks due to option #2 OR someone popular around :D

You're theory has so many holes its starting to smell like Swiss cheese.

The only person here that I can genuinely call my friend is Tweety. (edit: out of the participants)

The only one who's been accusing me is you... (another edit: Also, last round, I think iMew actually accused me... too)

You might want to check the expiration date on your theory m8, can't have it stinking up the room forever.

And if you want to know what I think:

I think you've got the wolfs role down pretty good. You know what I mean?

I know I may look like an easy target from the outside, but if need be I can be a mean little rabbit.

I'm gonna have to go with -F0rsak3n- on this one, he's it, my gut says he is. ._.

I hope Tase can see who voted even though he disabled names showing because more people voted than those participating.

Yeah, the optimal way to do this would be making a private poll somewhere that requires a key or a password to vote. Like, x amount of redeem tokens perhaps, and the Tas can pm every participant a token/key.

Fireworks - November 1, 2014, 3:51 am

I feel like I'm being conspired against here...

Tasemu - November 3, 2014, 12:24 am

I can see the voters :)
