Thread: [Doxing for free](#)

alpa ase0 - October 30, 2014, 8:16 pm

I've been practicing Doxing, and I think I'm doing well. However, I've run out of people to practice on, so give me someone you want Doxed, and I'll try my best. I want to start a service but I'm not sure if I'd be good enough for that. I'm not going to dox any HF members though. Thank you. ?

EDIT: I've gotten requests to Dox Hackforums users, as I stated in the thread, I WILL NOT DO THIS. Doxing Hackforums members is against the rules.

Could you possibly DOX me, ? I mean if I give you my skype it won't be a challenge, I just wanna see how much you can get on me :\

I sent you a PM containing the user(s) I would like doxed. Thanks for doing this.

Would you be able to try to dox me and PM me what you find? Kind of curious as to what people can find out about me, but please don't post it here or anywhere else unless you hate me (:

If you can't find anything based on just my profile here as a starter, just PM me and I'll give you my skype to start out with.
