Gladly - October 30, 2014, 11:06 pm

EDIT: Chart has been updated to V3. More releases added to the chart.

EDIT: V4 is up! Let's watch the new Shaft anime. Hopefully it's better than Mekaku City Actors.

Here we are, already in the Fall with Winter coming up fast! Lots of familiar faces, and some shows I want to watch. I'm looking forward to Durarara S2 and the new Monogatari. How about you guys? :)

Anyways, here's the chart [HUGE IMAGE]

Kantai Collection was a fun game, waiting for the anime.

Tsukimonogatari should be fucking amazing considering the rest of the series was a masterpiece.

Absolute Duo looks really interesting. Definitely will be checking it out. :)

wellager - October 31, 2014, 5:43 am

I can't wait for the Kancolle anime. Probably not going to include the most important Destroyer-class ships such as Hibiki - best girl -, but it's still going to be very enjoyable.

Yet another im@s anime. Assassination Classroom seems nice.

Hmm...

Absolute Duo

OMG thank you for this list dude, I joined just a minute ago hoping to find some Anime lists and here it is ? It's a shame there isn't a Nisekoi Season 2 though!

Look forward to watch Absolute duo, I can't wait!! I'm going to exploded of excitement!!

Rakshasa - November 3, 2014, 10:56 am

Completely missed this thread..

Looking forward to Durarara 2, Aldnoah 2, Kuroko 3 and Tsukimonogatari. A few more could have potential, but I'm guessing it's gonna be a pretty weak season this time around.
Wasn't expecting Durarara to be a three split cour, though. Interesting.

Absolute Duo, among others, looks painfully generic, and I'm not having high hopes for Kantai. Well it's the off-season what can you expect.

Angel Beats?? - November 3, 2014, 10:58 am

Just me or is absolute duo just like guilty crown?

dw039riqr30iq0f - November 3, 2014, 12:28 pm

Aldnoah Zero Season 2 and Kuroko no Basuke 3rd season are the two anime I'd be waiting the most in between this chart.

?Tet? - November 3, 2014, 4:04 pm

Nice, thanks for the chart Gladly! Looking forward to those winter series.

Nine - November 3, 2014, 4:12 pm

Obviously the ones which have magic. As well as:

- Tokyo Ghoul S2
- Tsukimonogatari

Aar?n - November 3, 2014, 4:18 pm

Meh, nothing really that exciting next season for a few.

Durarara!! x2

Kuroko no Basketball S3

Koufuku Graffiti

Tsukimonogatari

Yuri Kuma Arashi (only reason to watch this is for Kunihiko Ikumura)

Other than that, nothing else much to watch.

I'm just glad there's some Fall shows continuing next season.

Esdese - November 3, 2014, 4:50 pm

I don't like watching ongoing stuff, but Tokyo Ghoul S2 is a must.

I'm so excited!!

Also how come HS DxD S3 isn't on there? It comes out march 10th, or is that a little too late?

frisco - November 3, 2014, 5:11 pm

Durara, assassination classroom and Tokyo Ghoul

Assassination classroom will be made to anime? Wow... Been reading manga, didn't think it will happen so soon...

That chart's only December to February, so yeah it's out of the range.

-

Looking forward to Tokyo Ghoul S2, finished S1 yesterday and really tempted to spoil S2 and read the manga. Patience isn't really my thing. ?

There is currently no official airing date for DxD season 3.

Also yeah that wouldn't be the winter season.

Estimate is probably around Q1-2 of 2015, but nothing is known for sure yet about DxD

(Nov 4, 2014 06:23 PM)Wayside Wrote: [\[CITE\]](#) which websites do you get these from? thxs

They haven't aired yet, they're airing in... well quite a long time.

Anyway you can get them all when they air (in a few months) at for example

Some of these look great. Will be watching them.

420 Blaze It - November 6, 2014, 9:47 pm

Thanks, I might watch more Tokyo Ghoul.

Chitoge - November 7, 2014, 7:35 am

Some of these look pretty good.

Though I really hope it's not just going to look good and then end up being pretty bad..

Raddify - November 7, 2014, 9:24 am

Well considering I am still new to anime, I am pretty interested in some of these.

Looking forward to watching some new stuff :)

Gladly - November 20, 2014, 8:23 pm

New chart released earlier today, it is now posted in the OP.

Series predictions anyone? I'll go first (keep in mind these are almost completely blind guesses):

Absolute Duo: Guessing it will be one of the more popular shows of the Winter season.

Durarara!! X2: Same director as Baccano, guessing this will be one of my favorites this season.

Aldonoah Zero PT2: The show people will say "season two was nowhere near as good as season 1 for"

The Rolling Girls: The show people watch episode one of and end up dropping.

Tsukimonogatari: Shaft will be Shaft.

Eternal. - November 20, 2014, 8:25 pm

Wait, there is going to be a second season of Durarara? That is awesome. Can't wait for January!

.Nemesis - November 20, 2014, 8:31 pm

I saw a lot of Anime in there I really want to watch. Absolute Duo looks really nice, and of course I'll be finishing tons of Anime on that list too.

Pillows - November 20, 2014, 8:34 pm

Durarara

Tokyo Ghoul

KnB S3

Oh god this Winter Season is going to be great :)

Gladly - December 21, 2014, 9:52 pm

V4 is up! New SHAFT anime added on the list as well as a few others. Definitely picking up Koufuku Graffiti.

Deany - December 21, 2014, 9:53 pm

In Aldnoah Zero 2 Slaine dies. RIP.

Nine - December 21, 2014, 10:35 pm

Adding Durarara!! S2 and Death Parade to my list now. As well as Saenai Heroine no Sodatekata and Absolute Duo as they both seem like they'll be good.

Gladly - December 25, 2014, 9:47 am

Here's the airing schedule for the Winter 2015 season. Looks like we're starting the year off right with Tsukimonogatari on the 31st!
