Any chance I can get a vouch for a review? I'm an avid WoW player.

StrandedPickles - October 31, 2014, 4:11 am

I cannot currently give out vouch copies as I do not have 50 posts! If you want, you could buy it as it is very cheap! Reduced from \$5.

I am curious and I'd like to test it but unless you give out vouch copies I do not trust you.

This ebook was not at all what I expected, the most you can get out of this is 14 days of free gametime. The two methods within this book are public and one was very ballsy to put in. All together I hate to be a party pooper, but this ebook is not worth it and I will be searching for a

refund.

If they are public then you should definitely get a refund! It's not for the 1\$ it's a matter of principle.

This. Thanks for supporting me, user refuses to refund. Not that I'm bothered but just wasn't ethical.
